

Cubans Defy Warning, Sail Into Miami Port

Crewmen of Stolen Boat Taken Into Custody by United States Authorities

MIAMI, Fla. (AP) — A boat bringing 16 refugees out of Cuba in defiance of U.S. warnings sailed into port here today under Coast Guard escort. Its four crewmen were taken into custody.

The 31-foot boat, MMM, reported stolen last Thursday at Miami, left the Cuban port of Camarioca on Sunday with the four crewmen and 16 of their relatives fleeing Fidel Castro's communism.

Refugees had been warned by U.S. authorities to await completion of negotiations with Castro and the orderly evacuation of those wishing to leave Cuba. The MMM was intercepted 30 miles off Cuba by the Coast Guard cutter Diligence. The refugees had lost one engine and the other was overheated.

Other boats en route to Florida or awaiting loading and clearance at Camarioca included the 30-foot Rainbow, the 23-foot Liz and a craft piloted by Ramon Domesteviz. Hialeah, Fla., who said he built it especially for the trip.

The boats came from various Florida ports. The Rainbow from Key West, the Liz from Sombrero Key and Domesteviz's craft from Long Key.

Ike Flores, Associated Press writer in Cuba, reported by telephone from Camarioca that Cuban officials said more boats were en route from the United States.

Flores said the 15 persons who arrived at Camarioca from the United States reported no interference of any kind. Some said they expected to be penalized upon their return but they were ready to take the punishment.

Officials helpful. The refugees, Flores said, reported Cuban officials were "extremely helpful" and would not permit them to pay for food, lodging or gasoline.

Castro had set Oct. 10 as the date for beginning his open-door policy, but the U.S. State Department said it would take 10

days or so to work out arrangements. It warned Cuban exiles not to try to pick up relatives and friends in small boats.

Negotiations are being carried on through the Swiss Embassy in Havana, which represents this country in Cuba. They concern ground rules for the exodus, which some estimate may total 50,000.

John H. Crimmins, coordinator of Cuban affairs at the State Department, said the United States proposed to Cuba that the U.S. government set up a transportation system for the refugees.

Havana radio, in a broadcast monitored here, said exiles bent on evacuating anti-Castro Cubans killed a Cuban coastguardman Thursday night and it added that Castro's government would take "this criminal act into consideration with the negotiations" concerning free departure.

Two Escape From State Reformatory

Post-Crescent News Service

GREEN BAY — Two Wisconsin State Reformatory inmates, one of them serving a sentence for attempted murder, escaped from the institution early this morning.

Breaking out of the reformatory in only the second escape in nine years were Felix Rangel, 29, Dallas, Texas, who was sentenced to 15 years for attempted murder, and Leland Stebbins, 35, Pardeeville, who was serving a four-year sentence for burglary and theft.

An all pointed alert has been issued for the escapees, who apparently scaled a room under construction over a cell block about 6 a.m.

Rangel has been at the reformatory since November, 1964 after being convicted of attempted murder. Authorities today listed him as "dangerous."

Stebbins, who had been sentenced in 1960 for burglary, escaped once before from a prison camp.

Associate Warden Paul D. Prast said it has not been determined how the pair managed to escape from the building.

He said a roof over one of the cell blocks is under construction. "They might have been able to climb up onto a catwalk that runs along the edge of the roof and get out that way," he said.

Warden Michel Skaff said he did not know how the prisoners eluded the watch tower guards in getting out of the reformatory's walled compound.

"The area is well lighted all night," he said.

Set Off Bomb

The spokesman said the Jeep was mined, but one informed source said the guerrillas blew up the vehicle by setting off a 750-pound U.S. Air Force bomb that had failed to explode when dropped by an American plane.

Thousands of paratroopers and Australian troops launched the operation three days ago in an area known as the Iron Triangle, on the fringe of the Communist Zone D. The allied troops reported killing 13 Viet Cong earlier in the operation.

The Iron Triangle is an area of dense jungle and rubber plantations or the fringes of Zone D where the Communists have built fortifications and forts.

The spokesman said American troops used tear gas once Sunday, but he gave no details.

The paratroopers had pumped the nonlethal gas into Viet Cong tunnels twice before during the operation, but found the underground forts empty.

It was the first authorized use of nonlethal gas by U.S. Washington ordered a halt to the use of gas after newsmen reported on that operation in March, causing unfavorable world reaction.

Thousands of Americans joined South Vietnamese troops in the operation, called Shiny

Indonesia Reds May Hit Back With Terror

Reports Circulating Night Raids Possible; Army Making Arrests

JAKARTA, Indonesia (AP) — The Indonesian Communists were reported today preparing to strike back as the army kept up its anti-Communist campaign.

Reports circulated in Jakarta that the Reds were grouping secretly to make night terrorist raids. Army troops in tanks and armored cars guarded intersections and vital installations.

Soldiers were making arrests throughout Jakarta and its suburbs and reportedly seized a quantity of arms. An unofficial estimate said 1,000 Reds had been arrested. A member of the Communist party's Central Committee, Njono, was reported among them.

Returns to Palace
President Sukarno returned to his palace in Jakarta Sunday. He had been at his summer palace in Bogor, 40 miles south, since the attempted coup on Sept. 30.

Sukarno so far has not publicly condemned the rebel "30th of September Movement," formed by Lt. Col. Untung of the presidential guard, and has voiced his disapproval of the army's anti-Communist actions.

Sukarno for years has balanced the army against the three-million member Indonesian Communist party PKI.

The army newspaper Berita Yudha reminded Sukarno of an interview which he gave earlier this year in which he said: "I will oppose communism if it disrupts the Republic of Indonesia. But I do not oppose communism itself."

The army gave tacit support

Troopers Again Stop Negroes In Crawfordsville

CRAWFORDVILLE, Ga. (AP) — Negroes tried again to board school buses carrying white children today, but were turned back by state troopers without incident.

The brief demonstration by 15 youths came as Negro leaders planned a full slate of demonstrations in preparation for a visit tonight by Dr. Martin Luther King Jr.

The leaders said they planned to picket the downtown area, attempt to boycott a Negro school in adjoining Warren County and hold a noon rally at the Tahaferro County courthouse.

King is scheduled to lead a march to the courthouse and then address a rally there tonight.

Lack Majority

Senate Votes on Try At Ending Filibuster On Right-to-Work Ban

WASHINGTON (AP) — The laws that prohibit agreements between unions and companies tempt to choke off the filibuster making union membership a condition of continued employment of states to ban the union shop.

Supporters of the bill said in advance they lacked the two-thirds majority necessary to invoke cloture and stop the filibuster which began a week ago today.

Opponents of the measure, led by Republican Leader Everett M. Dirksen, were highly confident. Dirksen declared "there are plenty of votes" to prevent cloture. He was expected to line up at least 25 Republicans against it.

This number, combined with the no votes of 15 or so Southern Democrats, would be ample. It takes 34 votes to stop debate-limiting procedure if all 100 senators are present.

Started Talks
The bill which touched off the filibuster would repeal section 14B of the Taft-Hartley Act. This section allows states to outlaw union shop contracts between unions and companies.

Employees covered by such contracts must join a union within 30 days to hold a job.

At present, 19 states have

Rhodesian Official Visits Wilson

LONDON (AP) — Prime Minister Ian Smith of Rhodesia had a surprise meeting with Prime Minister Harold Wilson today and prepared to return home to his Cabinet.

When the talks on Smith's threat to declare Rhodesia independent of Britain broke down Friday, a joint communique said no further talks were anticipated.

Today, however, Wilson asked Smith to see him one more time before he leaves tonight for Rhodesia. "I have just come to say goodbye to the prime minister," Smith told newsmen.

He said he and Wilson had covered "one or two points on the minutes of the meetings and put them straight."

"There has been no change in anybody's attitude," he added. Smith said he did not feel a constitutional conference which Commonwealth Secretary Arthur Bottomley proposed would serve any purpose. He added that his government would not sit down at the conference table with such nationalist leaders as Joshua Nkomo or the Rev. Ndabaningi Sithole.

Rebels Occupy
City in Congo

LEOPOLDVILLE, the Congo (AP) — Rebels have occupied Mulungwe, in central Kivu province, but lost 20 men while attacking the town, an army communique said today. Army losses were not given.

The army also reported that a white man was seen in rebel ranks during an attack on a government post at Bendera last week. The rebels were said to have suffered "important" losses in that attack.

Clear to be Cloudy; Cool to Stay Cool

Fox Cities — Considerable cloudiness and cool tonight and Tuesday. Low tonight near 35. High Tuesday near 50. Moderate northwest winds.

Appleton — Observations at 10 a.m. today for the preceding 24-hour period. High, 64. Low, 41. Present temperature, 46. Wind, 12 m.p.h. from the northwest. Barometer, 30.00 and steady. Relative humidity, 66 per cent. Dew point, 37 degrees. Skies are clear. No precipitation.

Sun sets at 6:17 p.m., rises Tuesday at 7:04 a.m. Moon rises tonight at 7:05 p.m. Last Quarter October 17.

LBJ Confers With Humphrey After Most Unpleasant Night

Press Secretary Moyers Says President Used No Sedatives

WASHINGTON (AP) — President Johnson conferred for 45 minutes today with Vice President Hubert H. Humphrey after spending what was described as his "most unpleasant night" since gall bladder surgery.

The unpleasant aspects were attributed by press secretary Bill D. Moyers to the fact Johnson took no sedatives. Moyers said doctors feel that at about this point patients recovering from major abdominal surgery experience their greatest discomfort.

"He is uncomfortable this morning," Moyers reported. However, he said Johnson's

8 Killed in Wisconsin Accidents

Wisconsin counted eight deaths in weekend traffic accidents as the year's toll jumped to 773, compared with 833 one year ago.

Six of the victims were in their teens or early 20s.

Eighteen-year-old Linda Bluma of Stevens Point was killed Sunday evening when the car in which she was riding knifed through a guard rail and hurdled a creek along a Marathon County road.

William F. Hains, 21, Kenosha, died Sunday when the car in which he was a passenger overturned on a Bayfield County road west of Ashland.

Another single-car accident killed Dennis Reupert, 18, and Patrick Stapleton, 19, both of Menomonee Falls, Saturday night. Their car struck a tree along Highway 167 in Washington County.

2 Cars Crash

A two-car collision early Saturday six miles east of Durand in Pepin County claimed the lives of both drivers. The victims were James Berger, 19, of rural Durand, and William Averill of Durand.

Mrs. LaVerne Norwick, 36, of Menomonee, was killed early Saturday when the car driven by her husband was involved in a collision two miles north of Osceola in Polk County.

In a Brown County accident Saturday, a small foreign car overturned killing the driver, Mrs. Alice M. Verhagen, 22, of Green Bay. The mishap occurred on a county highway eight miles northwest of Green Bay. Mrs. Verhagen was the mother of three children including a two-months-old baby.

An elderly Marshfield woman, Mrs. William Reinow, 77, who was injured Oct. 2 in an accident in which her husband, 71, was killed, died Saturday. The Reinow car and a creamery truck collided at the intersection Highway 54 near Dexterville.

Scripps-Howard Paper Suspends Publication

INDIANAPOLIS, Ind. (AP) — The Indianapolis Times, a Scripps-Howard afternoon and Sunday newspaper, suspended publication today because, managing Editor Irving Liebowitz said, "Economic factors do not permit our continuing to publish a newspaper of the kind Indianapolis should have."

The Indiana capital, with a population of nearly 500,000, was left with one afternoon newspaper, the News, and a morning paper, the Star, both published by Eugene C. Pulliam.

The Times had a daily circulation of 89,374 and a Sunday circulation of 101,000. It won the Pulitzer Prize in 1928 for fighting the Ku Klux Klan.

Splendid Day

Doctors reported Sunday night that the President had put in "another splendid day" and was making steady progress following last Friday's operation to remove his gall bladder and a stone that had formed in his kidney.

Johnson, who normally pictures himself as enjoying the best of health and requiring only a minimum of sleep, confessed Sunday his stay at the Bethesda Naval Hospital in suburban Maryland offered a chance to get some rest.

"I have been rather tired for some time," Johnson told four newsmen invited to this third-floor bedroom. "So we're going to use this the best we can."

Johnson spoke softly but displayed plenty of conversational vitality.

"A Little Sore"

"I'll be all right," said the President. But he admitted to

U.S. planes made heavy

strikes in North Viet Nam. They

(AP) — U.S. troops pressed big also dropped six million leaflets offensively in pursuit of the Viet into Communist territory. It Cong today in dense forests was the largest leaflet raid of the war.

Paratroopers of the 173rd Airborne Brigade killed 46 Viet Cong in a clash Sunday 30 miles north of Saigon. U.S. losses were "moderate," an American military spokesman reported.

The Viet Cong blew up a U.S. Jeep, inflicting heavy casualties on its occupants.

Set Off Bomb

The spokesman said the Jeep was mined, but one informed source said the guerrillas blew up the vehicle by setting off a 750-pound U.S. Air Force bomb that had failed to explode when dropped by an American plane.

Senate Votes on Try At Ending Filibuster

CONTINUED FROM PAGE 1

noon, the only remaining question would be whether debate on the 14B repealer would continue for a while.

Democratic Leader Mike Mansfield of Montana said he did not know about his next move. But some senators expected him to put the repealer aside at once. He has made no secret of his strong desire to end the 1965 session hastily.

There also was speculation Mansfield might try a second filibuster vote later in the week.

Troops Press Big Battle With Viet Cong Force

CONTINUED FROM PAGE 1

Bayonet. It was the first large-scale operation for the 1st Cavalry division which arrived in Vietnam last month.

The Americans met only sporadic resistance after landing in helicopters in three zones. A spokesman said eight enemy troops were hit by ground fire. He reported three Viet Cong killed and 50 captured in the initial hours of the operation. U.S. casualties were described as light.

Three flights of U.S. Strategic Air Force Command B52 bombers from Guam hit the area before the troops landed, and field guns pounded the site for 20 minutes.

The operation was taking place in the Sou Tin Valley about six miles west of the town of Phu My. Communist guerrillas struck there in regimental strength last week. Units of the North Vietnamese 325th Division are believed to be in the area.

U.S. Marines killed three Viet Cong guerrillas near Da Nang, the site of the large U.S.-South Vietnamese air base.

Vietnamese troops killed five Viet Cong before dawn about 11 miles northwest of Hue and captured three guerrillas. A spokesman said there were no government casualties.

Government troops have been combing the area since Friday, and enemy losses reported now total 20 killed and 9 captured. Government casualties are described as light.

Four Saigon policemen were killed when a police patrol returning to its precinct station was ambushed Monday night. The place sources said. It was assumed the Viet Cong carried out the ambush.

The repeal measure is one of the administration's final major pieces of legislation for this session.

But President Johnson, recuperating from surgery at Bethesda Naval Hospital, commented Sunday there are no "must" bills to be passed.

Johnson, speaking of things that have been said about presidential pressure on Congress, told newsmen visiting his room.

"We take the position that we propose and they dispose," Johnson said later.

"I haven't insisted on a single bill. There is not one bill that I consider a must bill. I don't believe in must bills. I never wanted the president to tell me it had to be done. If there is a must bill, Congress can see it."

More Speeches

Johnson said that if the debate on the filibuster bill resumes, the House and Senate would be ready with new speeches.

The House vote issue was seen by most members as the last major obstacle to adjournment of the 91st Congress of the 9th Congress last month.

The House plans virtually to wind up its business this week except for action on bills in conference between the two chambers.

The Senate has many minor bills on its calendar which it could turn to if 14B is shelved.

But after 14B is disposed of, the only major items listed for Senate consideration aside from conference reports are the sugar bill, a House-passed measure increasing pay of federal employees, and the supplemental money bill.

Several important measures which have passed both branches are in conference remaining to be compromised and passed.

These include the higher education bill, the highway beautification measure, a rivers and harbors and flood control authorization bill, a vocational rehabilitation bill, a medical education measure and the public works and agriculture appropriations bill.

Accident Keeps Veterinarian Busy

BURLEY, Idaho (AP) — The Burley veterinary hospital had a busy weekend.

Owner Ray Thornburg was called upon to house 29 raccoons after a pickup truck and trailer in which they were riding overturned.

Billy Wayne Williams, 22, Woodland, Fla., their trainer, was returning home from Fort land, Ore., where he raced the dogs. None of the animals, summed the Viet Cong carried out the ambush.

\$2,000 each, was injured.

LBJ Confers With Humphrey After 'Most Unpleasant Night'

Continued from page 1

Johnson, who had a "most unpleasant night" Sunday, for instance, he stayed in place in a large vein signed these more bills and an of his right forearm — standard proposed plans to nominate four procedure after major abdominal new abdominal and several other major operations.

Johnson told the visiting fourteen other bills had been new men he expected official signed earlier, starting just 20 minutes during the week — "not hours after the President came awake, but subsequent cases" out of surgery.

He also received his first official visitors — Vice President and Mrs. Hubert H. Humphrey. They gave him a pair of monogrammed yellow pajamas as a get-well gift.

The President devoted much of Sunday to visiting with his wife, Lady Bird, and 16-year-old boy who is "mad at daughters Lynda and Luci. After the world and everything in it" or a weekend visit. Lynda flew has admitted setting 23 fires back to Austin, Tex., to resume that caused an estimated \$2 million in damage, police said.

Two policemen said they captured the boy hiding near the burning Pratt & Forest Lumber Co. early Sunday, and that he was "shaking like leaf."

The boy said he set the fires something for it, "on the spur of the moment."

sometimes with matches but usually with a cigarette lighter.

police said.

The youth, a school dropout from a broken family, told police and L. Gueller, 33, was killed enough to the scene of the fires fired discharged while he and a he set to watch them.

Asked why he set the fires, the boy was quoted by police as replying "People are always being said the shooting was an accident."

Angry Youth Says He Set \$2 Million Worth of Fires

LOWELL, Mass. (AP) — A family wife Lady Bird and 16-year-old boy who is "mad at daughters Lynda and Luci. After the world and everything in it" or a weekend visit. Lynda flew has admitted setting 23 fires back to Austin, Tex., to resume that caused an estimated \$2 million in damage, police said.

to Modern demonstrators who banned down the Communist party headquarters Friday. The Muslim youths demanded in a resolution that the Communist party be banned and that Communists be dismissed from the cabinet.

An army officer who refused to be identified by name said: "We will continue demonstrating until Sukarno bans the PKI."

But the army indicated that its anti-Communist campaign did not mean it is going to turn friendly to the West.

Aerospace Union Okays Pact for 35,000 Workers

LOS ANGELES (AP) — Members of the United Aerospace workers union have approved a new three-year contract covering 35,000 workers at North American Aviation Inc. in California, Ohio, Missouri and Oklahoma.

The contract, ratified by workers Sunday is retroactive to Sept. 30. It calls for across-the-board hourly wage boosts of eight cents the first year, nine cents the second year and eight cents the third year.

Average wages vary so widely a median could not be estimated, union officials said.

Other provisions include a modified union shop clause.

Curfew Imposed

The Malaysian government radio reported in Kuala Lumpur today that the Indonesian military commander of the Atjeh region of north Sumatra imposed a curfew Sunday night to cope with "hundreds of thousands" of Moslems and nationalists demonstrating against the Communists.

The Malaysian radio station also said some fighting was continuing in east and central Java where army troops were reported hunting down rebel holdouts. Radio Malaysia said its information was based on monitored Indonesian broadcasts.

Legislature Opens 2nd Week of Fall Session

MADISON (AP) — The 1965 Legislature opened the second week of its fall session today with sights still trained on limiting the meeting to one month.

There will be strong concentration on hearings in hope of bringing scores of bills and resolutions, many of them controversial, to both houses for floor action. A backlog of 1,000 bills and resolutions was left over from the session that opened in January and recessed July 31.

The Assembly has arranged to hold no floor sessions Thursday and will devote that day to a busy hearing schedule.

The Assembly chambers will be used Thursday and Friday for the Governor's Conference on Water Resource Management. New York Gov. Nelson Rockefeller will be the featured under a plan to eliminate racial speaker for the opening imbalance in the Woodfield road school.

The first legislative week saw Republican Gov. Warren P. The plan was developed after the New York commissioner of education called for elimination back since the session started, from public schools of racial imbalance, defined as a school enrollment of 50 percent or more Negro pupils. Woodfield highway construction. The plan had a 75 percent Negro enrollment.

Gov. Patrick J. The Assembly chambers will be used Thursday and Friday for the Governor's Conference on Water Resource Management. New York Gov. Nelson Rockefeller will be the featured under a plan to eliminate racial speaker for the opening imbalance in the Woodfield road school.

High Court Won't Rule on School Plan

WASHINGTON (AP) — The Supreme Court declined today to rule on an appeal by three white parents of Malverne, N.Y., who on Water Resource Management. New York Gov. Nelson Rockefeller will be the featured under a plan to eliminate racial speaker for the opening imbalance in the Woodfield road school.

Pope Reaffirms Catholic Stand on Celibacy of Priests

VATICAN CITY (AP) — Pope Paul VI reaffirmed today the principle of celibacy for Roman Catholic priests and rejected suggestions that it be publicly discussed in the Vatican Ecumenical Council.

In a letter to the assembly, the pontiff said the principle should not only be maintained in the modern world, but should be stressed even more.

He said the question of celibacy should not be discussed in the council, but left the way open for the bishops to submit written observations on the question. He said he would study these himself.

The matter came up in the council in St. Peter's as the 2,200 priests debated a document of missionary activity and prepared to move on to a document on the priesthood.

In a busy session, the council fathers also gave final approval to the text of a schema on monks, nuns and religious orders. It opens the way to such things as modern dress in habits and a relaxation of cloistered life. The document, approved by a vote of 2,126 to 13, will become a decree once the Pope and council formally promulgate it.

The council marked its third anniversary today and Pope John XXIII who started it was the subject of an increasing drive for his canonization.

King Outlines Version of Poverty War

WILLIAMS RAY (AP) — A three-point federal program that would "justly deserve the title of a war on poverty" was suggested by Dr. Martin Luther King in a Wisconsin speech Saturday.

He advocated a \$2 minimum wage, extension of the Fair Labor Standards Act to cover all workers, and what he termed "a massive public works program."

Dr. King advanced the proposal in a speech in which he declared that the anti-poverty program will fail "if it substitutes a welfare approach for economic reform aimed at the creation of more jobs."

He spoke at a joint meeting of the Coordinating Council of Community Organizations and the Southern Christian Leadership Conference to plan for coming civil rights activity in northern cities, starting with Chicago.

He said the question of celibacy should not be discussed in the council, but left the way open for the bishops to submit written observations on the question. He said he would study these himself.

The matter came up in the council in St. Peter's as the 2,200 priests debated a document of missionary activity and prepared to move on to a document on the priesthood.

Prepare for Standardization Test

BY LESLIE J. NASON, ED.D.
University of Southern California

How much did you learn in your high school courses? How much do you still remember? Does your A grade mean that you crammed for examinations and now remember little of the courses? Or does it mean that you really mastered the course? Does a B grade from Central High mean the same as a B grade from Northwest High? In an attempt to level off differences such as indicated here and give every student applicant a fair appraisal, some colleges require nationally standardized achievement tests in subject matter, as distinguished from the aptitude tests discussed in our last article. There may also be a test of your ability to express yourself in writing through a short essay referred to as The Writing Sample.

These are tests for which you can prepare. There are ways of controlling your thinking while taking such tests to help you improve your scores. There are ways also to keep yourself from freezing.

Some colleges require that you take three Achievement tests selected from 16 subject tests given by the College Entrance Examination Board.

The 16 Achievement tests are offered in Social Studies, Intermediate Mathematics, Advanced Mathematics, French, German, Spanish, Italian, Latin, Greek, Hebrew, Russian, Biology, Chemistry, Physics, English composition, and the writing sample.

These tests are an hour long and may be taken in the afternoon of the same day on which you take the SAT test if you choose. However, you may if you wish take them on a later day. Some students take the SAT at the earliest possible date and postpone the Achievement tests, feeling that in the interim they will be acquiring more knowledge in the subjects through their regular high

school classes. For example, the SAT in December and the others in April or even as late as May.

Reviews Valuable

In general, reviews for all examinations are valuable in that they bring pertinent formulas and ideas into a ready recall position in your memory. But don't try cramming—it's futile. The last night before an examination should be used for sleep and rest.

Take time at the very beginning of a review session to study the overall pattern of a subject. Study the table of contents and chapter summaries. Consider "Just what does this course cover?"

When a pattern has been established in your mind, the various details can be thought into place. Details are more readily recalled when associated in your memory with organized knowledge. Such reviews

While you are writing, do not attempt to remember all of the ideas you plan to incorporate in to each statement. Instead, try this procedure. First, list on scratch paper the ideas you might use just as they come to your mind. Put them all down. Don't stop to evaluate them as you make the list.

Second, decide on the order of presentation, numbering the statements accordingly. Eliminate the ones that seem non-essential. This will have consumed very little time and now you can commence writing, giving your full attention to a clear presentation of one idea at a time. The list serves as your memory. If, while writing, an additional idea pops into your mind, merely add it to the list and give it a number. Turn your full attention back to your writing. Make sure that your handwriting is acceptable. If you lack facility in writing it can actually interrupt the flow of thoughts from your mind to paper. In such a case, practice in handwriting for even five or 10 minutes a day for the weeks before the test will pay dividends.

Avoid "Freezing"

The hopes, desires, fears and pressures that cause students to "freeze" on examinations will not go away just because you want them to. However, they can be pushed into the background, since you can fill your mind with thoughts of your own choosing.

The secret is to enter the examination with a mind filled with plans on how you are going to proceed. It might be well to re-read the suggestions about taking tests a short time in advance of each examination. For example, start a multiple choice test planning not only to work from a well studied question to the possible answers but to put your full attention on each problem as it arises. Having done the best you can with question number one, forget it and turn your attention to question number two.

Test-taking skills are so important both in high school and in college that any improvement you make will not only bring you higher grades in high school but will bring you greater success in college. A description of the College Board Achievement Tests may be obtained for 30 cents a copy from College Entrance Examination Board, care of Educational Testing Service, Box 592, Princeton, N.J., or P.O. Box 1025, Berkeley, Calif. 94704.

Practice these procedures at every opportunity so that they become automatic when the real test comes. Tuesday: A yardstick for scholarships. (For Prof. Nason's expanded booklet, send \$1 to "College Booklet," in care of this newspaper.)

Expressing your ideas clearly in written form has been part of your training throughout your school life. However, one or two suggestions may prove helpful and you can try them out in your high school work. If they prove as successful for you as they have been for other students they will make both the test and college easier for you.

Moscow Greeted With First Snow of Season

MOSCOW (AP) — The first snow of the season — less than an inch — fell on Moscow today. The temperature was below freezing.

Army Schools Run Classes Double Shift

WASHINGTON (AP) — With the demand for trained soldiers growing, some Army specialist schools are operating on double shifts with classes running past midnight. The Army said today.

requirements for trained personnel in certain areas are such that maximum use is being made of present and established training facilities.

Although the Army did not relate the development to the war in South Viet Nam, officials said there was an obvious connection since the Army is undergoing an increase of 235,000 men in a buildup of its regular strength.

The following are double-shift classes:

Monday, October 11, 1965
The Engineer School at Ft. Belvoir, Va.; the Quartermaster School at Ft. Lee, Va.; the Transportation School at Ft. Eustis, Va.; the Air Defense Ordnance Guided Missile School, Redstone Arsenal, Ala.; the Southeast Signal School, Ft. Gordon, Ga.; and the Ordnance School at Aberdeen Proving Ground, Md.

17 Inches of Rain Record in Mobile

MOBILE, Ala. (AP) — A Weather Bureau spokesman estimates the record rain of almost 17 inches that swamped Mobile Sept. 30 probably caused about \$25 million in damages. Meteorologist William L. Tilton reported that figure to the Weather Bureau.

Asthma Formula Prescribed Most By Doctors—Available Now Without Prescription

Stops Attacks in Minutes... Relief Lasts for Hours!

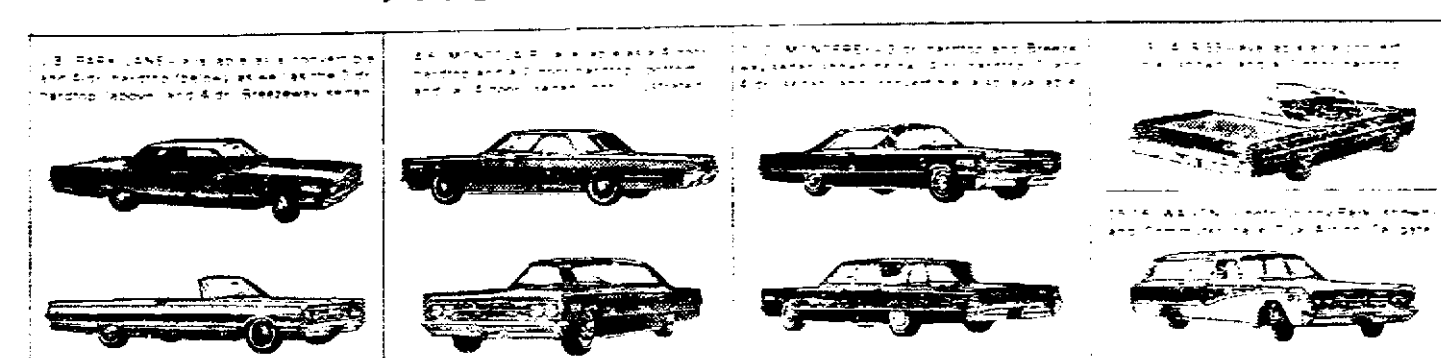

New York, N.Y. (Special)—The asthma formula prescribed more than any other by doctors for their private patients is now available to asthma sufferers without prescription. Medical tests proved this formula stops asthma attacks in minutes and gives hours of freedom from recurrence of painful asthma spasms. This formula is so effective that it is the physicians' leading asthma prescription — so safe when used as directed that now it can be sold

without prescription in most states — in tiny tablets called *Primatec*. These *Primatec* Tablets open bronchial tubes, loosen congestion, relieve taut nervous tension. All without painful injections. The secret is—*Primatec* combines 3 medicines (in full prescription strength) found more effective in combination for asthma distress. So look forward to sleep at night, and freedom from asthma spasms.

Here is one way to move ahead with Mercury in the Lincoln Continental tradition

There are 16 others:

TIME: SALE STARTS PROMPTLY AT 1:00 P.M.
PLACE: VALLEY FAIR SHOPPING CENTER PARKING LOT
Or in the Enclosed, Weatherproof Mall in Case of Cold, Rain or Snow!

BRING THE ITEMS TO BE SOLD SATURDAY — 9 A.M. TO 12:00 NOON

TYPE OF SALE:
This is a FREE COMMUNITY AUCTION SALE sponsored by the MERCHANTS OF VALLEY FAIR SHOPPING CENTER. No charge will be made for any item sold. No charge will be made for any services offered to the seller — ALL WILL BE FREE. Children offering items to be auctioned must be accompanied by an adult.

TYPE OF ITEMS WANTED:
All household items from baby buggies to sporting goods, furniture to lawn mowers. In fact, almost any item you have to sell — cars, guns, tools, appliances that work. Boats, motors, trailers, camping equipment, bicycles, garden tools, swing sets.

ITEMS NOT WANTED:
No farm machinery valued over \$100.00; no cattle, livestock, or poultry, dogs or cats. No mattresses or personal hygiene items. No home canned foods. No clothes. No junk wanted. We do not want items that are beyond usefulness to someone. Just good saleable items.

WARRANTY:
The Valley Fair Shopping Center does not guarantee the sale of any items consigned, nor does it guarantee the condition of the item to the buyer, nor does it guarantee that you will receive "Top Dollar" for the items sold. However, The Valley Fair Shopping Center will make every effort to afford a large crowd of prospective buyers through full use of advertising. All items will be guarded, a roped off area will be provided for systematic listing and selling of items. All items for sale must be listed between 9 A.M. and 12:00 Noon Saturday, Oct. 16. Any unsold items must be picked up the day of sale by 4 P.M. Shelter provided for small items. All items purchased at this Auction must be paid in cash.

VALLEY FAIR BUCKS PAYOFF:
All items sold will be paid off to the consigner in "Valley Fair Bucks" — which will be honored as cash by most merchants and stores on any purchase of any kind — In fact, in order to make this a better than ever event — most stores will have special merchandise for sale at extra large savings to holders of "Valley Fair Bucks" — For example: A \$45.00 suit would be sold for \$45.00 in cash, or perhaps for \$33.00 in "Valley Fair Bucks." Many fall items such as shoes, clothes, groceries, jewelry, furniture, appliances, etc. will be on sale at special savings to "Valley Fair Bucks" holders and the general public.

AUCTIONEER:
EMERY C. MELTZ

Lutheran Church Women Consider Roles In the Social Ministry of the Church

A deeper personal commitment to love, to study and to work was outlined by Mrs. Ernest Pudas, Minneapolis, Minn., at the third annual convention of the Lutheran Church Women of the Wisconsin-Superior-Sydney Lutheran Church in America, at the opening session Friday. In this way, the secretary of the Lutheran Church Women Auxiliary told the convention, women will fulfill their church's social ministry. She called on them not to fear change, but to become involved in its activity.

"You See Them?" was the theme of the three-day convention, pointing up the need for a consciousness that the church must be concerned about the mentally ill, the alcoholic, those who need to be recognized as equals, the lonely, the aged, youth and the family.

To Meet Needs

Convention speakers outlined ways in which the church

women could help meet the needs of all these groups. Race relations and social action were discussed Friday evening. Participating were the Rev. Carl K. Towley, Menasha, moderator; the Rev. E. W. Belter, Racine, Mrs. Veda Stone, Eau Claire, of the Wisconsin Dept. of Public Welfare; Dr. Lunce Boyer of the department of Sociology at Carthage College, Kenosha; the Rev. Benjamin Gernick, executive director of Lutheran Welfare Services of Wisconsin and Upper Michigan; Lester Schultz, assistant to the president of the Wisconsin-Superior-Sydney Lutheran Synod, L.C.A., Milwaukee; and Mrs. Pudas.

Mrs. Stone commented, "Christian faith is incomplete unless it results in acts of Christian love. We are not our brother's keeper; we are our brother's neighbor."

Learn to Identify
Mrs. Pudas stressed that the women try to identify with

the lonely, the aged, young working people new to a community and with all young people in trying to determine their needs. Dr. Boyer suggested that perhaps the institutionalized church has perhaps become too middle-class, and that others feel a sense of rejection. He advised learning to communicate with the underprivileged and deprived in the community.

Even though there may not be Indians or Negroes in a community, it does not mean there is no one in need. The speakers agreed that the church cannot take over for the state, but can give a personal touch to people in need.

"Passion To Love"
Women's groups in the church should undertake self-examination, both as groups and as individuals, Pastor Gernick stated. He appealed for a "compelling passion of learning how to love people." The problem in the church is

not the lack of a wonderful theology, but knowing how to make it come alive. In spite of government effort, he stated, there is still a tremendous amount of human need. Methods of preventing family breakdown were discussed, as were ways of challenging the talented young people in the church. Other topics probed during the session were charity without love, the erosion of economic and groups in the church; effort in the face of apathy; study of learning what human behavior means; treatment of alcoholism; work in penal institutions and foster home care.

The convention was attended by board members, 166 delegates, 128 visitors and 13 guests.

Planning the program were Mrs. Harry Knox and Mrs. James Allen, co-chairmen, assisted by Mrs. Harley Barzey, Kenneth Lippold, La Vaux Jensen, Leslie Johansen, Harold Loydahl, Ellis Waggoner, Harold Adams, J. P. Mohr and Walter Heil.

Visiting Before Dinner Friday evening at Trinity Lutheran Church Parish Hall are the Rev. Ellis Waggoner, Mrs. Ernest Pudas, Minneapolis, Minn., national secretary, Mrs. Ralph Sandgren, Appleton, and Mrs. Charles Luhn, Milwaukee.

Reading Club Programs Told

The Reading Club has announced that Mrs. Joseph A. Foley will serve as president for the program year. Other officers will be Mrs. Harold L. Gruen, vice president, and Mrs. Joseph Suess, secretary-treasurer.

The programs were planned by Mrs. E. F. McGrath, chairman, assisted by Mrs. E. L.

Pierce and Mrs. Frank Ware. Mrs. Carl Bertram, 2630 E. Newberry St., will be hostess to the club Wednesday when Mrs. Pierce and Mrs. Donald Schlafke report on "Travels in England and Scandinavia".

"The Ordways" by William Humphrey will be discussed by Mrs. Cornelius Crowe Oct. 27 at the home of Mrs. McGrath, 10 S. Pierce Court.

Mrs. C. J. Garvey, 403 W. Sixth St., will entertain the club Nov. 10 when Mrs. J. W. McIntyre will be program chairman. Mrs. Garvey will present the Christmas program Dec. 8 at the home of Mrs. James B. Wagg, 902 E. College Ave.

January Programs
Mrs. John Morgan will present "Man Child in the Promised Land" by Claude Browne Jan. 12 at the home of Mrs. Crowe, 610 E. Eldorado St. On Jan. 26 Mrs. A. W. Zwerg will review "Wise Men Fish Here" by W. G. Rogers at the home of Mrs. Charles Reichert, 65 River Drive.

The Feb. 9 hostess is Mrs. Foley, 233 W. Seymour St., when Mrs. Ronald W. Smith will give "Florence in the Age of Dante" by Ruggiers "Sixpence in Her Shoe" by Phyllis McGinley.

The key is the choice of Mrs. Charles Reichert, Feb. 23 at the home of Mrs. McIntyre, 803 S. Pierce.

Mrs. Zwerg, 630 S. Riverview Lane, will entertain the club March 9 when Mrs. Bertram Retson, chairman of Youth in the presents, "Herzog" by Saul Government Club, will report on Nelson Margaret Mead's "Con-

tinuities in Cultural Evolution" will be summarized by Mrs. Foley, March 23 at the home of Mrs. Gruen, 1515 W. Brewster St.

Hammaraskjold's Book

The home of Mrs. John Morgan, 1033 E. Pacific St., will be the setting April 13 for Mrs. Gruen's presentation of "Markings" by Dag Hammaraskjold.

Mrs. Richard Temple has chosen "Procession" by John Gunther for April 27 at the home of Mrs. Suess, 1628 W. Packard St. The club will meet May 11 with Mrs. J. R. Whitman, 114 S. Alton Court to hear Mrs. Suess present "Is Paris Burning?" by Larry Collins and Dominique Lapierre. The program for May 25 will be announced later.

Wedding Vows Said Saturday

OSHKOSH — Miss Mary Beth Crombie and James N. Wraga, exchanged wedding promises at a 4 p.m. ceremony Saturday at Trinity Lutheran Church. Rev. K. R. Going officiated at the double ring rite.

The bride is the daughter of Mrs. Ella Crombie, 89A Lake St. Parents of the bridegroom are Mr. and Mrs. Norbert Wraga, route 1, Pine River.

A sister of the bride, Mrs. Claude Tollard, and Jerry Wraga, the bridegroom's brother, served as honor attendants for the couple.

A dinner for members of the immediate families was served at Legion on the Lake.

The couple will reside in Oshkosh until the bridegroom returns to Port Hueneme, Calif., where he is stationed with the Navy.

Church Women To Collect Baby Clothes

LITTLE CHUTE — Baby clothing for the Pope's store-room will be collected at a 8 a.m. to 9 p.m. Oct. 28 and 29 posters, Mrs. John McMahon, meeting of the St. Elizabeth Society of St. John Catholic Church at 6 p.m. Tuesday in the grade school gym.

Women will have a potluck supper, attend devotions at the church and then reassemble for the program. A report will be given on the Sept. 21 trip to the National Shrine of the Green Scapular, Madison.

The annual membership drive will be held from Oct. 18 to 23 with reception of new members to be held during a Day of Recollection for all women of the parish on Nov. 1. Named to represent the Society at the DCCW convention at Green Bay Thursday were Mrs. Harold Schumacher, delegate; Mrs. Sylvester Van Dornen, Oranage County Deacery social action chairman; Mrs. Richard Van Gompel, president; and Mrs. Vincent Vandebuy, treasurer.

Officers Elected by North Eastern Golf Association

Barr des Morris Golf Club was the setting Tuesday for the annual fall meeting of the Women's North Eastern Golf Association. Approximately 12 women represented the club at the meeting.

Mrs. H. B. Ross, club president, presided. Mrs. E. H. Bell, Belle Plaine, was elected secretary.

Mrs. Dan Wagoner, Appleton, and Mrs. Richard Olson, Oshkosh, were elected for the three year terms. Mrs. Olson is director.

Clubs were contacted after the business session, on team play, representatives and team captain.

The next Thursday tournament will be held at South Hills, Fond du Lac. The guest day has been scheduled at Stevens Point.

Sheinwold Best Lead To Stop Slam Jump

BY ALFRED SHEINWOLD

You can get away with an astonishing number of overbids if your opponents fail to listen carefully to the bidding. The way people defend, the more you bid the more you make.

North's jump to six diamonds was a bit foolish. It would cost nothing to bid four notrump first, asking South to show how many aces he held. South would bid five clubs to show no ace, and North could sign off safely at five diamonds.

West should have noticed that North had not used the Blackwood Convention and that declarer might well be missing two aces. For this reason West should lead the ace of spades and then shift to a club. South would be down before he could get started.

Since West had not thought about the bidding he made the "book" opening of the back of hearts. This gave South his contract.

Two Plans

South took the king of hearts and drew trumps with the ace and king. Then declarer led his other heart to dummy's ace. It

only small hearts appeared on this trick. South planned to ruff a heart and lead the jack of spades as though planning a finesse for the queen.

This spade play might work if West had the ace of spades. For West might play low. Then South would play dummy's king of spades and discard his other spade on the queen of hearts.

Actually, the nine of hearts appeared on the second round of the suit, and South cashed the queen of hearts to see if the ten would appear. It did, and South got rid of two clubs on dummy's queen and eight of hearts.

An ace is a poor lead against a well bid slam, but a good lead against a slam reached by jumpy bidding.

Daily Question

Partner opens with one club, and the next player passes. You hold: S 9 5 4 2; H 7 6 3 2; D 7 3; C A 6 5. What do you say?

Answer: Pass. You need more than a bare ace to respond to King, reported on the needs of an opening bid of one in a suit. You need about a queen or a couple of jacks in addition to the ace.

Warm Earthly Tones and natural materials are blended easily in this inviting bedroom. A focal point is the pair of primitive paintings framed by

the handsome cane-back poster bed. Carpeting and walls in olive are enlivened by a colorful red and orange bed cover and matching chairs.

Let Planning Spill Into Efficient Laundry Area

It takes more than a washer and dryer to make a home laundry.

To be really efficient, say specialists from leading laundry appliance manufacturers, the home laundry must be as carefully planned as the kitchen.

In interviews a group of experts declared that location of the laundry area is of primary importance. But whether it is centered in the basement, kitchen, bathroom or in a hallway, it ought to have the right kind and amount of work space, adequate storage space and room for supplies.

If the location is convenient, it probably will be exposed to visitors' eyes. It is also a place where the homemaker will spend many working hours. For these reasons, the laundry area should be pleasant to look at and work in.

The laundry should be well organized, with bins to collect soiled clothes, countertop space for sorting, washer and dryer placed side by side, and racks for hanging wash-and-wear fabrics and freshly ironed clothing. Extras could include a soaking tub, a sit-down space for quick sewing repair jobs, and closets to store freshly-laundried linen.

When it comes to equipment, the homemaker should consider her own needs and preferences. She may, for instance, want the most automatic appliances available. Or she may work better with machines that have manual controls.

Makes it Easy

Because a well-planned laundry center will lessen a homemaker's workload, it is an important part of any home improvement program.

Building supply dealers can advise homeowners on the choice of proper materials and equipment, including floor, wall and ceiling materials, water heaters, cabinets and countertops, lighting fixtures, doors, trays and bins.

For example, the floor should be able to stand the gaff of occasional spills of water and laundry supplies. You may want to consider an

acoustical ceiling. And when it comes to doors, keep in mind that louver types will keep

storage bins ventilated and folding types are great space savers.

Put Color, Good Arrangement Together for Striking Room

For years the most ignored and room arrangement. Hand All types of storage solutions room in the home has been the died unimaginatively, they are should be considered. A triple bedroom. It's been concealed bound to create a character- answer for one room but a combi- nation of a dresser and a chest may work best for another. Any space "cleaved" can be put to use for other activities.

Color Scheme

The best starting point in deciding the color scheme for a bedroom is to forget that "blue is for boys and pink is for girls." Beams instead with a favorite color or color combination. Or let the style of the come up with a number of furniture suggest the colors. suggestions well worth review.

One of the leading furniture manufacturers has analyzed this often neglected room and has come up with a number of furniture suggest the colors. suggestions well worth review.

A number of color schemes can be developed with the informal or country modern look but warm earthy tones seem more appropriate than pale pastels. Bold, bright colors provide an exciting touch but sleeping comfort for roll-away mats or den-like divans, the impressive presence of a bed is certain to identify the room.

The decorating challenge is to make the bedroom distinctive without neglecting sleeping requirements. And, if thoughtfully planned it may even offer such extras as sitting or work areas.

Room Arrangement

The first space considerations in the bedroom should be given by considering the three basic elements of decorating: the style or theme, color scheme each piece works efficiently.

Hide Framing

Other flexible storage solutions for bedrooms are bunting and stacking units. They are particularly well suited for the room designed to serve a dual purpose, such as a listening room or library, since more are available with units designed specifically for record or book storage.

Ann Reveals Another Phony Letter, Tells How She Knows

BY ANN LANDERS

DEAR ANN LANDERS: I've read quite a lot about boys with long hair and how their parents can't stand it. I'll tell you how we handled the problem in our family.

Our 17-year-old son, Larry, decided he wanted to look like one of those singers. He used his haircut money to buy more records. Soon his hair was falling over his eyes in front and nearly reached his shoulders in back.

My husband announced at dinner that in his opinion anyone who wants to look like a cog ought to be registered. Yesterday he went to the Chicago city hall and bought our son a dog license. Larry was registered as an Afghan male who answers to the name "Ringo." My husband handed him the tag at the dinner table and said, "I think you ought to wear this."

Tonight Larry's hair is noticeably shorter. It was the best \$2 my husband ever spent. — Chicago Mom

Dear Mom: Your letter is a gas — but it's a phony. In Chicago you can't get a dog license unless you present a certificate from a veterinarian proving that your dog has had rabies shots.

I'm often asked how I can tell the fakes. Checking the facts is one way.

DEAR ANN LANDERS: Please tell us what to do about "night raiders." Our sons, Bobby and Tommy (four and five) share a room. Two weeks ago they started sneaking out of bed and going into the kitchen to search for goodies. They climb to marshmallows, candy, cake and ice cream. There isn't anything they can't reach.

Both my husband and I have

scolded the boys but it doesn't do any good. We decided to tiehelp you with your problems. Send them to her in care of this ping harnesses but they put up newspaper enclosing a stamped, such a fuss that we took the self-addressed envelope.

Landers

harnesses off after two sleepless nights.

Please tell us what to do. Ann—Our Maneuvered

Plan Out: Remove their bedroom door and install a metal gate which can be opened only from the outside. This should end the night-raiding.

The central problem, however, is getting your kids under control. If you are unable to discipline them the ages of 4 and 5, what do you propose to do when they are 14 and 15?

DEAR ANN LANDERS: Our 16-year-old niece just told her mother she is four months pregnant. We are all in a state of shock. It's the first time anything like this ever happened in our family. If Carol Lee could be married quietly it might help save the family name, but she doesn't know who the father is.

If you met Carol Lee you'd say she is a perfect lady — quiet, reserved and on the shy side. And that brings me to the point of this letter.

It's the sweet, innocent girls who get into trouble. The experienced chippies are far too wise. So why is the girl who has a baby out of wedlock branded as "bad"? The very fact that she gets into trouble is proof of her innocence. Please print this letter and back me up.—Carol's Aunt

Dear Aunt: Sorry, but I don't have any good conduct medals lying around for sweet, innocent young things who get pregnant and don't know who the father is.

Maybe Carol Lee was sweet and innocent but you must agree that somewhere along the line her status changed.

Liquor can ruin your mind, your body and your life. To learn the booby traps of teen-age drinking, write for Ann Landers' booklet, "Teen-age Drinking," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Marriage Announced

The marriage of Miss Karen Lengert to James Juhnke has been announced. The ceremony took place at 2 p.m. Sept. 25 at St. John Lutheran Church, Forest Park, Ill.

The bride is the daughter of Mrs. Mary Lengert, Berwyn, Ill. Mr. and Mrs. Rudolph Juhnke, 220 W. Seymour St., are the parents of the bridegroom.

A reception took place at the VFW Hall, Berwyn.

The couple resides in Chicago where Mrs. Juhnke is employed as a beautician and her husband is an electrical engineer with Motorola Inc. Mr. Juhnke is a graduate of the University of Wisconsin.

Naim Conference Board Announces New Chairmen

The board of the Appleton Area Naim Conference has announced committee chairmen for the year. Mrs. Russell Cook, Little Chute, will serve as program chairman; Mrs. Jerome Faust, Kaukauna, membership; Mrs. John Brown, Kaukauna, hospitality; and Mrs. Charles Besch, Appleton, contacts.

Mrs. John Mankovecky, Kaukauna, will be young parents chairman; Mrs. Sylvester Brouillard, Appleton, house; and Mrs. Alfred Rondou, Appleton, spiritual and visiting.

The board will meet with Mrs. Cook Oct. 19 to plan the October dinner to be held at the VFW Hall, Appleton.

Engagement Of Daughter Announced

MENASHA—Mr. and Mrs. Fabian B. Schwaben, 920 Ninth St., have announced the engagement of their daughter, Rebecca Ann Roth, to James Paul Huebner. She is the daughter of the late Joseph Roth.

Mr. Huebner is the son of Mr. and Mrs. John W. Huebner, 391 S. Green Bay Road. Miss Roth is employed as a teller at Twin City Savings and Loan Association. Her fiancé is serving with the Navy at the Naval Missile Center, Point Mugu, Calif.

A February wedding is planned.

Elizabeth Montgomery finds herself in the unusual situation of expecting two babies four months apart. The first, due this month, will be her own second child. The other, planned for February, will be the heir of Samantha Stephens, the witch of ABC-TV's "Bewitched." Miss Montgomery is shown above with her real-life family, husband William Allen Asher, and one-year-old William Allen Asher. (AP News-features Photo)

Pair Weds In Double Ring Rite

KAUKAUNA — Miss Donna Aloysius Catholic Church. The sell Pleshek, 1200 Main Ave., and the son of Mr. and Mrs. Lee Pleshek and John David Rev. Theodore Hendricks officiated at the wedding of the daughter of Mr. and Mrs. Fred Geurts, route 2, Kaukauna.

Miss Mary Geurts, a sister of the bridegroom, was maid of honor. Bridesmaid was Mrs. Floyd Anthony.

Acting as best man was Michael Pleshek, a brother of the bride. Floyd Anthony was the groomsmen. Ushering duties were shared by James Pezewski and Marlin Geurts.

A reception took place at Van Abel's Restaurant, Hollandtown.

Those who haven't already settled on their vacation home site or construction plans can get the project underway by reviewing possibilities.

Autumn, with its cool but sunny days, is an ideal time for such building chores, and a good autumn building project would be a storage bench.

A storage bench is built like an old-time window seat — a box with hinged lid and a front that slants comfortably inward to allow tuck-back space for feet.

The best place for it is right on the patio, but against the house wall and snugged under the eaves where it will have maximum protection from weather. Douglas fir and white fir are top woods to use for the project.

Everyone will love the storage bench, adults for its convenient seating space and the kids for its use as a private treasure box.

Come spring, the interior can

Make Storage Bench for Yard

Make Storage Bench for Yard

If your yard is often cluttered with children's outdoor toys, a good autumn building project would be a storage bench.

A storage bench is built like an old-time window seat — a box with hinged lid and a front that slants comfortably inward to allow tuck-back space for feet.

The best place for it is right on the patio, but against the house wall and snugged under the eaves where it will have maximum protection from weather. Douglas fir and white fir are top woods to use for the project.

Everyone will love the storage bench, adults for its convenient seating space and the kids for its use as a private treasure box.

Republicans To Tell Teens Of Party Aims

Two-Day Roundup In Appleton Starts Saturday

Between 200 and 300 young Republicans are expected to be at the Conway Hotel in Appleton this weekend for the first "Teen-Age Annual Republican Round-Up."

The two-day "round-up" on Saturday and Sunday, is designed to "expose high school students to the philosophical and organizational aspects of Republicanism and to encourage them to become more active in the Young Republicans."

Registration Saturday

Chairman of the event, which will attract GOP youth from throughout Wisconsin, is Mrs. Doris Anderson of Amery.

Included on the list of speakers are State Chairman Ody Fish, Hartland, who will give the "keynote address" at 11:30 a.m. Saturday; former Lt. Gov. Jack Olson, Wisconsin Dells, who will be the dinner speaker at 6 p.m.; Saturday; plus Assemblymen Glenn Pommerening of Wauwatosa and Paul Alfonsi of Minocqua, and former Congressman Henry C. Schadeburg of Burlington.

Registration begins Saturday at 9 a.m., and the program starts with a welcome at 11 a.m. Following the talk by Fish and a luncheon, workshop sessions will be held on practical economics, state issues and rural and urban problems.

Hospitality Sessions

The dinner and Olson's talk are at 6 p.m., followed by a talk on national organization, given by "Buz" Lukens, past chairman of the Young Republican National Federation. A dance, a movie of the 1964 national GOP convention, and hospitality room sessions will go on from 8:30 p.m. to midnight.

Following an 8 a.m. breakfast and a break for attending church services on Sunday, hour-long sessions will be held on publicity, campaign and precinct work, finance and programs. The two-day program will be wrapped up at 3 p.m. Sunday, at a general session with a talk by Mrs. Anderson.

Outagamie County Employees List 1966 Contract Requests

Highway, Hospital-Home Unions Ask for Job Class Upgrading

Outagamie County officials have received lists of several requests for 1966 contract provisions from Outagamie County Highway Employees and Outagamie County Hospital and Gold Age Home Employees unions.

In two registered letters, James Miller, Green Bay, district representative for the Wisconsin Council of County and Municipal Employees, listed requests for the two unions.

In behalf of the highway employees, Miller requested:

- Time and one-half pay for all hours in excess of nine in any one day, or 45 hours in one week.
- Additional Benefits
- A complete revision of present hospitalization insurance, with additional benefits and the county paying 75 per cent of the revised plan's cost.
- A five-day work week, Monday through Friday, with a nine-hour work day and a 45-hour guaranteed work week.
- A 2 per cent cost of living increase.
- Upgrading of job classifications of timekeeper from class grade 8 to class grade 9, and store clerk class grade 7 to class grade 8, and
- A compensation plan to be worked out for employees who drive their own cars to outside jobs, such as at construction sites.

Begin Negotiations

Miller's requests for the county hospital and Golden Age Home employees are:

- An upgrading of all employees by one class grade on the

Expect Quiet Meeting At October Session Of Outagamie Board

Prospects are that Tuesday's meeting of the Outagamie County Board will be a quiet meeting from the standpoint of important business.

The board will open its October meeting at the courthouse at 9 a.m. Tuesday.

The board's executive committee is working on the 1966 budget which will be presented at the November board session.

County Board Chairman Alvin Fulcer said today he will request at Tuesday's board session that the public hearing on the 1966 budget be set back until Nov. 8.

No important resolutions or discussions have been scheduled for Tuesday's session.

Problems Crop Up for City Personnel Unit

Appleton Committee Doesn't Have Contract With Teamsters; Firemen Seek Revisions

Problems are cropping up for the City of Appleton's personnel committee as it steps up negotiations with employ groups prior to 1966 budget-making time.

The committee, headed by Max Hensel and consisting of Alds. John Ayers (12th), Robert Ebben (9th), Richard Husman (1st) and John MacDonald (7th), met this afternoon and will hold other sessions during the week.

At this point the committee, which is the official bargaining arm for the Appleton Council, finds itself without a 1965 contract with Teamsters Local 563, the latter the agent for several public works department employees.

More Than A Year

City officials as well as the union hope to avert the situation that took place when it took more than a year to arrive at a 1964 agreement following factfinding.

The personnel committee claims the delay in bargaining with Local 563 is because the

Truck Drivers' Strike Ends, Unions Approve Contract

65-Cent Hourly Raise Provided For Three-Year Period; New Policy for Vacations Okayed

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

Ready mix concrete trucks were rolling again today in the Fox Cities region, officially ending the 45-day strike against the Valley Contractor Material Suppliers Association.

The way was cleared for major construction projects to be resumed when an estimated 200 members of Teamsters Local 563 and Operating Engineers Local 139 ratified a three-year contract at the Appleton Labor Hall Sunday morning.

An agreement between the association and unions had been tentatively reached during a marathon mediation meeting Friday. The bargaining committee for the union truck drivers and operating engineers recommended that the membership accept the proposal.

In a joint statement, management and union representatives said Saturday that improved wages and fringe benefits were included in the new pact, replacing the old contract which expired June 1.

Sizeable Package

The contract, explained in detail at the union meeting, represents a sizeable economic package for the three-year period.

Drivers and operating engineers won a 65-cent wage increase for the contract period, including 23 cents per hour now, 22 cents next year and 20 cents the third year.

Effective with the signing of the agreement, hammered out later in the 1500 block of E. by the negotiators under the prodding of mediator Donald Lee, Madison, of the Wisconsin Employment Relations Board, the strikers will get \$6 a week, James Warrick home, 1925 N. McDonald St.

The loss was reported early this morning, Warrick said the car was taken sometime after 7 p.m. Sunday.

Survey Indicates Public Favors Plan In Downtown Area

Appleton Residents Urge Early Implementation of Project

BY WILLIAM C. CAREY
Post-Crescent Staff Writer

Public opinion — a moving force in any governmental arena — favors the central business district (CBD) plan proposed for Appleton last week.

Survey shows overwhelming opinion exists that the city council should adopt the CBD plan as a guide as soon as possible.

The Appleton Area Chamber of Commerce executive board already has gone on record approving the broad blueprint for Appleton's downtown of tomorrow.

Opinions of a cross section representation of the city's populace were put in writing and reviewed by City Planner Walter Rasmussen and Jack Alston, resident planner for Harland Bartholomew and Associates, St. Louis consulting firm.

138 Responses

Of the estimated 250 persons attending the CBD plan unveiling, 138 filled in and returned questionnaires setting forth views on various major improvements recommended for "keeping Appleton on the move."

By a 117 to 6 margin, those participating in the survey said the city council should adopt the CBD plan and start to implement it as recommended by consultants.

Their other expressions on the key items:

- Reconstruction and modernization of College Avenue, 125 to 4.
- Creation of an initial renewal area in the downtown area on the south side of College Avenue, 105 to 7.
- Jones Park Development
- Development of Jones Park, just to the south of the college avenue, as a civic center, 115 to 5.
- Construction of an auditorium, 94 to 14.
- Construction of a 2,000-car

Owners Report Thefts of Vehicles; Police Find One

Two cars were reported stolen in Appleton in the last two days. One has been recovered.

William Wenzel, 2505 N. Union St., reported at 5:30 a.m. Sunday that his car had been stolen from the driveway in front of his home sometime during the night. The keys were left in the vehicle, police learned.

The car was found by a patrolman less than an hour later in the 1500 block of E. Pershing Street.

Police are still seeking a 1965 greenish yellow Mustang stolen during the night from the James Warrick home, 1925 N. McDonald St.

The loss was reported early this morning, Warrick said the car was taken sometime after 7 p.m. Sunday.

The New Officers of the North Wisconsin Lutheran Fellowship discuss plans for the ninth anniversary celebration Oct. 23 at Shawano during their meeting Sunday at Faith Lutheran Church, Appleton. Elected were, from left, Miss Althea Schmidt, Gresham, secretary; James Schulz, Wittenberg, vice president; George Bonnin, Bonduel, president; and Mrs. Lillian Sanders, Clintonville, treasurer. The organization, whose primary interest is foreign missions, sponsors the Lutheran Hour broadcasts in Caracas, Venezuela. (Post-Crescent Photo)

Appleton Loses REgent in Phone Numbers, Gets Further Confused

BY RAY J. LITTE
Post-Crescent Staff Writer

To my telephone company, I am now 734.

In the old days, back before numbers were the vogue, I was REgent, but Sunday we changed all that.

The telephone company, in a message sent last week to all subscribers, forever retired REgent and issued one more set of numbers to my already complicated numerical world.

While I am now 734 to the telephone company, I am still another set of numbers to my power and light company.

My current news magazine publisher knows me as 2007-AppMar66 and the motor vehicle department refers to me as P00072336143 in all our conversations.

Still AF16529490

The federal government which once was interested in drafting me, still recalls me as 464636244 and my old Air Force records show me as AF16528490.

I remain 45261 to my old bowling league secretary and at the gate to the Fox Cities Foxes, I'm 71.

Although he doesn't call it to my face, my gasoline service station manager lists me as 3620122480 and each independent department store and catalog store in Appleton has its own set of numbers for me.

Some day, when I retire, some federal employee somewhere will be sending retirement checks to old 395323072.

Basic Training

Oddly enough, I have had little need to remember most of my numerical synonyms, and if I did, I would need some sort of basic training sergeant to help me memorize them.

No number is held in memory more securely than my old service serial number which I often find myself repeating, even in my sleep.

If the telephone company, the power companies or my gasoline service station manager felt it were necessary, I suppose they could make me stand at attention, repeat my 11 general orders in a loud ring and follow it with my numerical designation, much like my recruiting sergeant did years ago.

I long ago forgot my 11 general orders, but my service

designation has become a part of me, although officially I do not have to repeat it unless I am, somehow or other, taken captive by a foreign power. Then I'm sure I would forget my rank and date of birth.

Might Flub It

This week, because I am now 734 to the telephone company and not REgent, I kissed my family farewell and told them they would never hear from me again except in person.

I am morbidly frightened, that if I try to recall my new telephone exchange, I will flub it somewhere and be connected with some remote switchboard.

But I hop to rectify the problem by standing at attention in front of my telephone dial, repeating my 11 general orders, then crashing headlong into my new telephone numbers.

Perhaps, after some six months of training, I will feel comfortable as 734 and, if my training is complete, will be lucky enough to repeat my new designation silently, to myself, over and over again, while I sleep.

weeks off after 12 years.

Insurance Premium

Another contract stipulation is that with resumption of work today, association members not paying anything toward the employee's dependency insurance will pick up the tab for 50 per cent of the premium.

Some contractor suppliers have been paying half or all the dependency (family) coverage. By Jan. 1, 1976 all association members will be required to pay the full dependency premium, according to contract terms.

Also in the third year, employers will pay \$6 a week into the Teamsters' Central States pension fund for union workers.

Another fringe benefit is a clause providing for three days' funeral leave.

Revised Scale

Under revised wage scales, a ready mix truck driver will now get \$2.95 an hour with the salary boosted to \$3.17 in 1966.

Turn to Page 3, Col. 3

Officials Begin Reviews of Fund Requests

Indicate Appleton Tax Rate May be Increased \$4 to \$5

City of Appleton budget examiners will begin the weeklong tedious task of reviewing all 1966 departmental requests at the city hall tonight.

Finance Director Henry Schreve said at noon he and his staff were still compiling requests and had not arrived at a total.

However, there seems to be a general feeling in city hall circles that increased municipal spending may boost the tax rate by \$4 to \$5 per \$1,000 assessed valuation.

The city's increased valuation this year gave the finance committee about a \$2 "cushion". However, the \$300,000 increase in the public school operational budget for next year, plus financing for the new senior high, surpassed the valuation gain.

School Requests Up

On the basis of about \$150,000 equalling \$1 on the rate, overall school board requests (operations and building) add up to about \$5 more than this year.

On a more optimistic note, it was learned the Appleton Vocational School budget will be down considerably compared to this year's allocation.

Every night this week the examining committee, headed by Ald. Alvin E. Tews (5th) and consisting of Alds. Harold Hanemann (10th), John MacDonald (7th), Al Stoegebauer (4th), Gerald Wagner (18th) and Mayor Clarence Mitchell, will meet with department heads, boards and commissions to review requests.

Predicts Cuts

Tews has indicated the committee will make cuts wherever possible.

Last week the city council reduced the proposed appropriation for building and equipping the new high school from \$5.6 to an even \$5 million.

The Appleton tax rate this year was \$50.06 with a \$3.50 reduction attributed to the state sales tax credit refund, resulting in a \$46.56 net rate.

Broken down, the tax rate consists of the following:

- State of Wisconsin levy... .42 cents
- Outagamie County... \$6.59
- Appleton Public Schools... \$29.85
- Vocational School... \$1.28
- General city purposes... \$11.92

Two Couples Granted Divorces in Branch 1 Of Outagamie Court

Two divorces were granted Friday afternoon in Outagamie County Court Branch 1.

Vernon Hoffman, 45, 230 E. Washington St., won a divorce from Christine Hoffman, 40, 129 N. Story St. He charged cruel and inhuman treatment.

The couple was married in June, 1943. The mother was awarded custody of two minor children. A property settlement was reached.

Bill J. Howard, 29, Buncombe, Ill., was divorced by Betty L. Howard, 39, 716 Jackson St., who charged cruel and inhuman treatment.

Custody of the five children was awarded to the mother. The couple was married in April, 1954.

Special Committee Makes 70 Request Reviews in 2 Years

Post-Crescent Madison Bureau
MADISON — The first report of a new legislative committee on tax exemption review discloses a stern attitude toward the multiplying pressures for tax concessions from numerous individuals and interests.

The report was filed with the legislature by Sen. Alex Meunier of Sturgeon Bay, chairman of the advisory group established two years ago by a legislature which showed concern about the increasing number of bills introduced which asked for tax exemptions of all kinds.

Meunier said that the committee thus far has reviewed and made reports on 70 measures, and that the findings on most of them were adverse.

Effectiveness of the committee's work, he suggested, is shown by the fact that only two of such bills have been enacted in the 1965 legislative session.

The committee examined exemption appeals to determine their effect on the fiscal condition of the state and its local governments, the potential effect in generating additional exemption requests, and the equity factors involved in them.

Meunier summarized: "Although plausible arguments can be made in favor of many of the proposed exemptions, the indiscriminate extension of tax exemptions erodes the state and local tax base and thus reduces the sources of government revenue. Almost invariably the granting of an exemption to one group shifts the burden of taxation to another group of taxpayers."

Smoke From Laundry Machine Fills Building

Three units from the Appleton Fire Department were sent to the Laundrette Laundromat, 813 W. College Ave., at 3:31 p.m. Sunday where firemen found a washing machine motor had shorted out, filling the building with smoke.

Motorist Misses Turn, Hits Home

LITTLE CHUTE — Extensive damage resulted to a car driven by Victor DeGroot, 20, 621 Taylor St., Little Chute, about 1:10 a.m. Saturday when he failed to negotiate a turn from Lincoln Street onto Wilson Street and ran into a house owned by Harold Schuh, 501 S. Wilson St., Little Chute.

Some lawn damage was reported and bricks loosened. DeGroot told police he was traveling too fast to make the turn and was issued a citation for driving at speeds not reasonable or prudent.

UW Extension to Present 2 Films At Arts Theater

Two French-made films, one narrated in English and the other in French, will be shown at 8 p.m. today in the fine arts theater at the University of Wisconsin-Fox Valley Center.

The English dialog film deals with the art movement of Cubism, showing cubes and other geometric forms to represent nature. The French film, "La Maison de Moliere," shows the growth of the Comedie Francaise, the state-supported French theater.

Both films are free and open to the public.

Manawa Girl Named 'Queen'

STEVENS POINT — Anita Knaack, Manawa, a senior at Wisconsin State University-Stevens Point, was named homecoming queen at the university last Friday.

She was selected by a student vote from a field of five candidates. She was sponsored by Sigma Tau Gamma fraternity.

Owner Says House Damaged by Vandals

Wayne Shimmer, route 4, told Appleton police Sunday that vandals caused considerable damage to the interior of a home he owns on S. Kernan Avenue.

Appleton police referred the complaint to Calumet County authorities after it was found the home is outside the city limits.

'Schultz Sav-O, Inc.' Has 6-Cent Dividend

The board of directors of Schultz Sav-O Stores, Inc., has declared a quarterly cash dividend of 6 cents per share of common stock. Payment will be made Oct. 30 to stockholders of record on Oct. 20.

Schultz Sav-O Stores, Inc., is the operator of Piggly Wiggly Super Markets and the distributor of Sav-O Stamps.

Bethlehem Evangelical Lutheran Church, Hortonville, celebrated the 95th anniversary of the congregation's founding with special services Sunday. The Rev. Orvin Sommer, Greenville, was guest speaker.

Women of the congregation served a turkey and ham dinner after services. A circuit riding pastor from Neenah, the Rev. Carl Waldt, founded the parish. It was dedicated Aug. 14, 1870.

Truck Drivers' Strike Ends as Unions Okay 3-Year Pact

CONTINUED FROM PAGE 1

and \$3.37 in 1957. Pay of dump truck drivers will be revised upward to \$2.85 per hour this year, \$3.07 in 1956 and \$3.27 in 1957.

Ratification of the contract came on a unanimous voice vote after it was reviewed in detail by the chief union negotiator, Robert Schlieve, secretary-treasurer for Teamsters Local 563.

The operating engineers also gave unanimous approval.

Picketing Stops
All picketing was discontinued this morning at ready mix, blacktop, and sand and gravel firms throughout the region, including the Oshkosh area.

Plan Dinner Meeting For Thursday by New Area Food Association

Associated Food Services, the newly-formed professional organization for Fox River Valley food service operators, will hold a dinner meeting Thursday night in the Conway Hotel.

R. Walther, of the National Restaurant Association, will discuss how late developments of the national minimum wage law has affected the food service industry. James Dornoff, a retired vice president of Humble Oil and Refining Co., will give a talk entitled "Where There is No Vision, People Perish," and Armin Gerhardt, of Appleton High School, will discuss educational programs for students who want a career in the food service industry.

Nick Karras, Appleton, is president of the organization which works toward bringing about higher standards, promoting favorable legislation, and providing adequate personnel training for the food service industry.

Wisconsin Natural Gas Sells \$8 Million in Bonds to Halsey-Stuart

Wisconsin Natural Gas Co., a natural gas supplier to about 80 southeastern Wisconsin communities, including Milwaukee, has awarded \$8 million in 4 1/2 per cent first mortgage bonds, due in 1990, to an underwriting group headed by Halsey, Stuart and Co. in New York.

The successful bidders plan to release the issue to the public market after compliance with Securities and Exchange Commission requirements.

Court Finds Driver Guilty Motorist Charged With Driving While Under Influence

William Elliot, 35, 132 Nye St., Hortonville, was fined \$175 and costs and has his driver's license revoked one year when he was found guilty by the court this morning of operating a motor vehicle while under the influence of intoxicants.

Elliot, represented by his attorney in Outagamie County Court Branch 2, was not present this morning.

He was arrested by Outagamie County traffic police July 19 following a two-car accident on U. S. 41 in the Town of Grand Chute. Elliot pleaded innocent when he was arraigned July 19.

Appleton Residents Favor Business District Project

CONTINUED FROM PAGE 1 businessmen to start taking immediate action to get some of the projects in the municipal hopper.

However, before the council can act on the multi-million dollar package it must have a capital improvement program. The St. Louis consultants say a long-range improvement program, complete with financing recommendations, will be ready in a matter of weeks.

It will project capital improvement projects and expenditures over the next 20-year period, using in the city's over-all comprehensive plan being prepared at a cost of more than \$100,000.

Appleton received a federal 701 planning grant and is paying for about 25 per cent of the total cost.

When it came to listing the order in which they felt projects should be carried out, there was a scramble, the study discloses.

College Avenue Priority
However, it was clear re-construction of College Avenue—12-30 a.m. Saturday when a car driven by Thomas Van Lieshout, for more than a decade—received No. 1 priority.

There was also strong support for undertaking the bridge and ran onto the lawn at the construction as the second project.

Van Lieshout and witnesses to the recommendation that Appleton create a development moving car ahead of Van Lieshout forced him to lose control as he rounded a curve in the project received a big boost road and he skidded to avoid as did development of Jones striking the moving vehicle.

Mayor Mitchell says he was pleased with the large turnout and interest shown by the public in the downtown plan. However, he said it should be used as a guide and be flexible.

Encouraging Comments
Tuesday noon at a meeting of Rasmussen and Alston were the enthusiastic about the response Association at the Club Terrace.

to the questionnaires. They said Judge Fairchild's topic will be many also contained comments "Post Conviction Rights and encouraging city officials and Remedies."

Is the world ready for 40 new tigers?
It is ... if they all look like this!
The tiger scores again!

Who'd ever have thought Pontiac would make cars for just about everybody? We did. Sleek Bonneville for swingers. Sumptuous Broughams for luxury lovers. Star Chief Executives for people who like their luxury connected to a low price tag. An improved version of the fabulous Grand Prix. Catalina that come in convertibles, station wagons, sports coupes, hardtops and sedans. There are four exciting Ventures to choose from. And for you people who are real tigers at heart, there's the formidable 2+2. Seems like we've thought of everything, right? Read on ...

You've heard of the ultimate tiger—the GTO with 336 or 360 hp. (400 hp. optional). But if you like tigers and prefer them more on the maned side, the Le Mans is your car. You can order a 250-hp regular gas V-6, a 285-hp premium gas V-6, or the 271-hp version of our new overhead cam six when you specify the special sports package. The 165-hp C-36 is standard on the Le Mans, Tempest and Tempest Custom, which has to make them the very best buy in the low-priced field.

Come to tiger country. See all the Wide-Track tigers at your Pontiac dealer's.

Actor Grateful, Not Thrilled Over Success

Too Many Knocks, Says Jack Albertson, Whose Career Goes Back to Burlesque

By JAMES BACON
HOLLYWOOD (AP) — How thrilling it must be for an old burlesque straight man to come to town acclaimed as the serious dramatic actor of the year?

"I honestly wish I could say so," says Jack Albertson, "but I've had too many disappointments in this business to be thrilled. Just say I'm grateful, not thrilled."

Albertson is the star of the prize-play "The Subject Was Roses," now playing here at the Huntington Hartford Theatre. He is the only actor to have won the Tony Award for Best Actor in a Play.

Albertson's career has been a roller coaster. He has been a burlesque straight man, a Broadway star, and a Hollywood actor. He has been a success and a failure.

Albertson's career has been a roller coaster. He has been a burlesque straight man, a Broadway star, and a Hollywood actor. He has been a success and a failure.

This 1946 Picture of the stars recalls the great days of Sherman Billingsley's famous New York Stock Club, which closed its doors last week. Here owner Billingsley interviews actresses Jinx Falkenburg, Dorothy Lamour and Anita Colby for the then popular radio program based on the club's name. The three actresses began their rise in show business as Stock Club performers when the club was a favorite haunt of the society and tourists who came to see them. AP Wirephoto

Make an Autumn Leaf Beanie With Leaves and Brown Felt

BY CAPPY DICK

Here is an easy way to make an unusual beanie consisting of brown felt cut to the shape of autumn leaves.

Choose two leaves that are of pleasing shape. Leaves of the oak or maple tree are especially good.

Find a piece of brown felt large enough to place the two leaves flat upon it as in Figure 1. Run a piece of chalk around the edges of the leaves so when they are removed their outline in white will remain. Be sure the stems are included. The stems should be made two or three inches long.

Cut The Felt

With the felt still to be doubled, cut along the outlines with scissors, cutting through both thicknesses of felt. This will produce two leaves.

Put a piece of green felt on your head as the tip of them, the green band as in Figure 2. Pin the tips of the leaves to the band.

Remove the leaves and the band and with brown thread sew the ears in place. Just a few stitches will be enough. This completes the beanie and it's ready to wear.

If you wish to make it more colorful, cut two of the leaves from red felt and other two from brown, giving you a combination of brown, red and green.

Tuesday Direction for weaving a two-tone basket!

Double the brown felt.

Go around your head with an iron overlap. Sew the ends together.

Tie the stems of the four leaves together as in Figure 2. Then, with the green band on your head, have some one iron wide and long enough to spread the felt leaves smoothly on your head as the tip of them, the green band as in Figure 2. Pin the tips of the leaves to the band.

Remove the leaves and the band and with brown thread sew the ears in place. Just a few stitches will be enough. This completes the beanie and it's ready to wear.

If you wish to make it more colorful, cut two of the leaves from red felt and other two from brown, giving you a combination of brown, red and green.

Chicago's First Win of Campaign

Sayers Leads Bears to Win

By CHARLES CHAMBERLAIN four times, and streaked 76 drive.

CHICAGO (AP) — Rookie yards.

Gale Sayers scored on an 80-yard aerial play in the third quarter and pitched a 25-yard touchdown pass to Dick Gordon in the fourth to propel the Chicago Bears to a 31-5 victory over the Los Angeles Rams Sunday.

The home opener was the Bears' first triumph of the National Football League season after three setbacks, including a 30-38 loss to the Rams two weeks ago.

Sayers broke the game open late in the third when he took a four-yard flare pass from Rudy Bledsoe, ripped through tacklers' smashes and streaked 76 yards to the end zone.

Roger LeClerc added all extra points and also booted a 26-yard field goal.

Bruce Gossett kicked a 16-yard field goal in the second that cut the Bears' halftime lead to 10-3 and added one of 13 yards in the third that made it 23-5.

Gossett's first field goal ended a 76-yard ram thrust that included passes of 35 and 20 yards from Bill Munson to Tommy McDonald. His second three-point drive topped off a 70-yard drive kept alive on Munson's tosses of 13 yards to McDonald and 15 yards to Dick Bass.

If there is no difference in gasolines... *still*

Why are car owners switching to Keotane faster than to all other gasolines combined?

Our Skelly men aren't actually flying as high as the one shown in the drawing above. But they are feeling pretty good about the Big Switch to Keotane.

To be specific, in 1964—and so far in 1965—sales of Skelly Keotane Gasoline increased at a rate 3 times faster than the gasoline industry as a whole.

That means new Skelly customers—and plenty of them!

If there is no difference in gasolines, why are Skelly Keotane sales going up...UP...UP so fast?

Can Keotane make a difference in the way your car runs? There's only one way to find out. Join the Big Switch to Keotane yourself. Try 3 tankfuls of Skelly Keotane Gasoline. It costs no more than other major brand premium gasolines without Keotane. So if you do get more mileage...or more power...or smoother performance...you come out ahead. If you don't what have you lost?

Try 3 tankfuls of Skelly Keotane Gasoline —and find out for yourself!

Join the Big Switch to Keotane. ...

Unitas Places Colts to 31-7 Win Over Lions

Continued from Page 7

In crediting the great first half performance.

"If Unitas doesn't put the ball there, I don't catch it," agreed Orr. "You never saw him have a better passing streak, did you?"

Unitas himself was coy about receiving the ball. "The important thing is to win," he said. "Besides, I think Sandusky should have gotten it."

Alex Sandusky, the right guard, was one of the blockers for the Colts. Coach Harry Gilmer of the Lions said prevented "any kind of a pass rush on Unitas."

Lobby Thompson, the Lion defender on whom Orr caught the first six passes, also agreed on his trouble was "the quarterback."

Unitas gets rid of the ball so fast that his receiver doesn't have to take any extra steps.

Unitas threw touchdown passes of 17 and 32 yards the first two times the Colts had the ball, but Tony Jerick fumbled another of 35 yards to John Mickey. Jerry Hill galloped six yards for a touchdown after Unitas completed three more passes.

Touchdown Drives

The four touchdown drives traveled 55, 80, 53 and 47 yards and consumed a total of only 24

which was the best in the league during its first three victories, was kept on the run.

Unitas continued piercing the Lion defense through the second half but was unable to penetrate for another touchdown with one drive failing on a goal line fumble. The Colt quarterback completed 18 out of 24 for a whopping 319 yards.

The Detroit offense continued weak and was able to produce a third quarter touchdown only when it was handed the ball on the Colt 31 by an 11-yard punt.

Joe Don Looney took it over from seven yards out to celebrate his 23rd birthday against his former teammates. The fans gave him a cheer and later the Colt band played "happy birthday."

Milt Plum, the Lion quarterback, completed 11 of 25 passes for 115 yards and had three intercepted.

60,238 Fans

Unitas and Orr started the game before 60,238 as though they were going to play it by themselves. They checked on three passes covering 41 yards for the first touchdown and three more for 55 yards and the Orr's last catch was his most fantastic—a running over-head snag for 53 yards. It put the Colts on the 3 in the last quarter, but Tony Jerick fumbled another of 35 yards to John Mickey. Jerry Hill galloped six yards for a touchdown after Unitas completed three more passes.

	Lions	Colts

Van Brocklin Pleased With Improvements

Defense Sparks 40-14 Triumph Over the Giants

MINNEAPOLIS-ST. PAUL (AP) — The defense had given the offense a big lift and Minnesota Viking Coach Norm Van Brocklin was again talking about a Western Division championship.

"We've got the momentum now, but we must sustain it," Van Brocklin said after the Vikings trampled the New York Giants 40-14 Saturday night to leave both teams with 22 National Football League records.

"We've got to get a winning streak going if we're going to make a run for the Western Division championship," he said. "We can't afford to lose any more."

The Vikings' defense had salvaged some of its reputation by recovering two third-quarter fumbles to set up touchdowns, as well as holding the Giants' ground game to 61 yards.

Van Brocklin had scolded the defense, which had allowed 101 points in three previous games.

The first fumble recovery by John Kirby came on the kickoff after Fran Tarkenton had passed seven yards to Paul Flatley to give the Vikings a 24-7 edge. Tarkenton hit Gordie Smith on the first play for a 19-yard scoring pass which broke the Giants' back.

Eller Recovers

Defensive end Carl Eller jarred the ball from quarterback Earl Morrall on the next series and Eller fell on the ball on the Giants' nine. Tommy Mason drove over from the five on the second play and the Vikings owned a commanding 33-7 lead.

After the Giants scored in the fourth quarter on Steve Thurlow's one-yard run, the Vikings' defense capped the night by throwing quarterback Gary

Wood in the end zone for a safety. That's pretty tough to do in pro football," he said. "I was especially happy with the play of our defensive team. We hit harder and were much more aggressive." Van Brocklin said. "Naturally, I'm pleased with our offensive team, too." near the goal line like we did Coach Allie Sherman of the Giants felt his team played well, but fell victim to too many mistakes. The other three Vikings scores capped drives of 58, 82 and 71 yards.

NEWSPAPERS MAKE A BIG DIFFERENCE IN PEOPLE'S LIVES!

THE Daily-Sunday **POST-CRESCENT**

Making the Difference in the Fox River Valley

President Johnson Held a hospital conference with Vice President Hubert H. Humphrey Sunday in the President's suite in Bethesda Naval Hospital. It was their first meeting since the President's

gall bladder operation Friday. A White House spokesman said the President is "in excellent condition." (AP Wirephoto)

Cubans Defy Warning, Sail Into Miami Port

Crewmen of Stolen Boat Taken Into Custody by United States Authorities

MIAMI, Fla. (AP) — A boat bringing 16 refugees out of Cuba in defiance of U.S. warnings sailed into port here today under Coast Guard escort. Its four crewmen were taken into custody.

The 31-foot boat, MMM, reported stolen last Thursday at Miami, left the Cuban port of Camarioca on Sunday with the four crewmen and 16 of their relatives fleeing Fidel Castro's communism.

Refugees had been warned by U.S. authorities to await completion of negotiations with Castro and the orderly evacuation of those wishing to leave Cuba. The MMM was intercepted 30 miles off Cuba by the Coast Guard cutter Duilgence. The refugees had lost one engine and the other was overheated.

Other boats en route to Florida or awaiting loading and clearance at Camarioca included the 30-foot Rainbow, the 23-foot Liz and a craft piloted by Ramon Donesteviz, Hialeah, Fla., who said he built it especially for the trip.

The boats came from various Florida ports. The Rainbow from Key West, the Liz from Sombrero Key and Donesteviz' craft from Long Key.

Ike Flores, Associated Press writer in Cuba, reported by telephone from Camarioca that Cuban officials said more boats were en route from the United States.

Flores said the 15 persons who arrived at Camarioca from the United States reported no interference of any kind. Some said they expected to be penalized upon their return but they were ready to take the punishment.

Officials helpful. Flores said, reported Cuban officials were "extremely helpful" and would not permit them to pay for food, lodging or gasoline.

Castro had set Oct. 10 as the date for beginning his open-door policy, but the U.S. State Department said it would take 10

Indonesia Reds May Hit Back With Terror

Reports Circulating Night Raids Possible; Army Making Arrests

JAKARTA, Indonesia (AP) — The Indonesian Communists were reported today preparing to strike back as the army kept up its anti-Communist campaign.

Reports circulated in Jakarta that the Reds were grouping secretly to make night terrorist raids. Army troops in tanks and armored cars guarded intersections and vital installations.

Soldiers were making arrests throughout Jakarta and its suburbs and reportedly seized a quantity of arms. An unofficial estimate said 1,000 Reds had been arrested. A member of the Communist party's Central Committee, Njono, was reported among them.

Returns to Palace. President Sukarno returned to his palace in Jakarta Sunday. He had been at his summer palace in Bogor, 40 miles south, since the attempted coup on Sept. 30.

Sukarno so far has not publicly condemned the rebel "30th of September Movement," formed by Lt. Col. Untung of the presidential guard, and has voiced his disapproval of the army's anti-Communist actions.

Sukarno for years has balanced the army against the three-million member Indonesian Communist party PKI.

The army newspaper Berita Yudha reminded Sukarno of an interview which he gave earlier this year in which he said: "I will oppose communism if it disrupts the Republic of Indonesia. But I do not oppose communism itself."

The army gave tacit support

Troopers Again Stop Negroes In Crawfordsville

CRAWFORDVILLE, Ga. (AP) — Negroes tried again to board school buses carrying white children today, but were turned back by state troopers without incident.

The brief demonstration by 15 youths came as Negro leaders planned a full slate of demonstrations in preparation for a visit tonight by Dr. Martin Luther King Jr.

The leaders said they planned to picket the downtown area, attempt to boycott a Negro school in adjoining Warren County and hold a noon rally at the Tahaferro County courthouse.

King is scheduled to lead a march to the courthouse and then address a rally there tonight.

Lack Majority

Senate Votes on Try At Ending Filibuster On Right-to-Work Ban

WASHINGTON (AP) — The Senate votes today on an attempt to choke off the filibuster against action on the bill to end the power of states to ban the union shop.

Supporters of the bill said in advance they lacked the two-thirds majority necessary to invoke cloture and stop the talk-fest which began a week ago today.

Opponents of the measure, led by Republican Leader Everett M. Dirksen, were highly confident.

Dirksen declared "there are plenty of votes" to prevent cloture. He was expected to line up at least 25 Republicans against it.

This number, combined with the no votes of 15 or so Southern Democrats, would be ample. It takes 34 votes to stop debate-limiting procedure if all 100 senators are present.

Started Talks. The bill which touched off the filibuster would repeal section 14B of the Taft-Hartley Act. This section allows states to outlaw union shop contracts between unions and companies.

Employees covered by such contracts must join a union within 30 days to hold a job.

At present, 19 states have

Rhodesian Official Visits Wilson

LONDON (AP) — Prime Minister Ian Smith of Rhodesia had a surprise meeting with Prime Minister Harold Wilson today and prepared to return home to discuss independence with his Cabinet.

When the talks on Smith's threat to declare Rhodesia independent of Britain broke down Friday, a joint communique said no further talks were anticipated.

Today, however, Wilson asked Smith to see him one more time before he leaves tonight for Rhodesia. "I have just come to say goodbye to the prime minister," Smith told newsmen.

He said he and Wilson had covered "one or two points on the minutes of the meetings and put them straight."

"There has been no change in anybody's attitude," he added.

Smith said he did not feel a constitutional conference which Commonwealth Secretary Arthur Bottomley proposed would serve any purpose. He added that his government would not sit down at the conference table with such nationalist leaders as Joshua Nkomo or the Rev. Ndamangiri Sithole.

Rebels Occupy City in Congo

LEOPOLDVILLE, the Congo (AP) — Rebels have occupied Mulungwe, in central Kivu province, but lost 20 men while attacking the town, an army communique said today. Army losses were not given.

The army also reported that a white man was seen in rebel ranks during an attack on a government post at Bendera last week. The rebels were said to have suffered "important" losses in that attack.

Clear to be Cloudy; Cool to Stay Cool

Fox Cities — Considerable cloudiness and cool tonight and Tuesday. Low tonight near 35. High Tuesday near 50. Moderate northwinds. Appleton — Observations at 10 a.m. today for the preceding 24-hour period. High, 64. Low, 41. Present temperature, 46. Wind, 12 m.p.h. from the northwest. Barometer, 30.00 and steady. Relative humidity, 66 per cent. Dew point, 37 degrees. Skies are clear. No precipitation. Sun sets at 6:17 p.m., rises Tuesday at 7:04 a.m. Moon rises tonight at 7:05 p.m. Last Quarter October 17.

LBJ Confers With Humphrey After Most Unpleasant Night

Press Secretary Moyers Says President Used No Sedatives

WASHINGTON (AP) — President Johnson conferred for 45 minutes today with Vice President Hubert H. Humphrey after spending what was described as his "most unpleasant night" since gall bladder surgery.

The unpleasant aspects were attributed by press secretary Bill D. Moyers to the fact Johnson took no sedatives. Moyers said doctors feel that at about this point patients recovering from major abdominal surgery experience their greatest discomfort.

"He is uncomfortable this morning," Moyers reported.

However, he said Johnson's

8 Killed in Wisconsin Accidents

Wisconsin counted eight deaths in weekend traffic accidents as the year's toll jumped to 773, compared with 633 one year ago.

Six of the victims were in their teens or early 20s.

Eighteen-year-old Linda Bituma of Stevens Point was killed Sunday evening when the car in which she was riding knifed through a guard rail and hurdled a creek along a Marathon County road.

William F. Hains, 21, Kenosha, died Sunday when the car in which he was a passenger overturned on a Bayfield County road west of Ashland.

Another single-car accident killed Dennis Reupert, 18, and Patrick Stapleton, 19, both of Menomonee Falls, Saturday night. Their car struck a tree along Highway 167 in Washington County.

2 Cars Crash. A two-car collision early Saturday six miles east of Durand in Pepin County claimed the lives of both drivers. The victims were James Becker, 19, of rural Durand, and William Averill of Durand.

Mrs. LaVerne Norwick, 36, of Menomonee, was killed early Saturday when the car driven by her husband was involved in a collision two miles north of Oshkosh in Peck County.

In a Brown County accident Sunday, a small foreign car overturned along the river. Mrs. Alice M. Verhagen, 22, of Green Bay, The accident occurred on a county highway eight miles northwest of Green Bay. Mrs. Verhagen was the mother of three children, including a two-month-old baby.

An elderly Marshfield woman, Mrs. William Renow, 77, who was injured Oct. 2 in an accident in which her husband, 71, was killed, died Saturday. The Renow car and a creamery truck collided at the intersection Highway 54 near Dexterville, of a Wood County highway and

being "a little sore on the side." Later in the day, Johnson listened intently as his pastor, the Rev. Dr. George R. Davis of the National City Christian church, conducted a private Communion service in the bedroom. When adjusting his position in a green leather reclining chair, Johnson seemed to grimace.

The doctors let him begin feeding himself — consommé in the morning, strawberry gelatin

Scripps-Howard Paper Suspends Publication

INDIANAPOLIS, Ind. (AP) — The Indianapolis Times, a Scripps-Howard afternoon and Sunday newspaper, suspended publication today because, managing Editor Irving Liebowitz said, "Economic factors do not permit our continuing to publish a newspaper of the kind Indianapolis should have."

The Indiana capital, with a population of nearly 500,000, was left with one afternoon newspaper, the News, and a morning paper, the Star, both published by Eugene C. Pulliam. The Times had a daily circulation of 89,374 and a Sunday circulation of 101,000. It won the Pulitzer Prize in 1928 for fighting the Ku Klux Klan.

58 Reported Dead

U.S. Troops Press Battle Against VC

SAIGON, South Viet Nam (AP) — U.S. troops pressed big offensives in pursuit of the Viet Cong today in dense forests north of Saigon and in the central highlands of South Viet Nam.

Fifty-eight guerrillas were killed and 48 others captured, a U.S. military spokesman said. He reported American casualties were light.

U.S. planes made heavy

strikes in North Viet Nam. They also dropped six million leaflets into Communist territory. It was the largest leaflet raid of the war.

Paratroopers of the 173rd Airborne Brigade killed 46 Viet Cong in a clash Sunday 30 miles north of Saigon. U.S. losses were "moderate," an American military spokesman reported.

The Viet Cong blew up a U.S. Jeep, inflicting heavy casualties on its occupants.

Set Off Bomb. The spokesman said the Jeep was mined, but one informed source said the guerrillas blew up the vehicle by setting off a 750-pound U.S. Air Force bomb that had failed to explode when dropped by an American plane.

Thousands of paratroopers and Australian troops launched the operation three days ago in an area known as the Iron Triangle, on the fringe of the Communist Zone D. The allied troops reported killing 13 Viet Cong earlier in the operation.

The Iron Triangle is an area of dense jungle and rubber plantations on the fringes of Zone D where the Communists have built fortifications and forts.

The spokesman said American troops used tear gas once Sunday, but he gave no details.

The paratroopers had pumped the nonlethal gas into Viet Cong tunnels twice before during the operation, but found the underground forts empty.

It was the first authorized use of nonlethal gas by U.S. Washington ordered a halt to the use of gas after newsmen reported on that operation in March, causing unfavorable world reaction.

Thousands of Americans joined South Vietnamese troops in the operation, called Shiny

'Educational Opportunity'

Governor Will Keep Bircher on Commission

MADISON, AP — Gov. Warren P. Knowles said today he plans to keep a John Birch Society member on the Governor's Commission on the United Nations because it may be a "good educational opportunity" for her.

Knowles told a news conference he would have had "strong second thoughts" about appointing Mrs. John McEwan of Milwaukee had he known she was a member of the society that advocates United States withdrawal from the UN.

The governor said Mrs. McEwan volunteered to serve on the commission and that there was no disclosure to him of her membership in the Birch Society. Now that she is one of 50 members of the commission, Knowles said he still is not "much concerned" and that the appointment might educate Mrs. McEwan to "the fact that the UN is the best forum we have for world understanding and peace."

Knowles said he believes Birch Society members need a lot of educating because some statements by founder Robert Welch mark him as a "kook."

"The Birchite approach is negative," Knowles said, "they're against most everything, and the philosophy of the Birch Society is wrong."

In response to a question, the governor said he would "access" Mrs. McEwan's commission membership at a later date.

Mrs. McEwan said last week she intends to serve because the commission is "not doing any good by presenting the rosy view."

On another subject, Knowles indicated he would veto pay raises for constitutional officers, including himself.

Indonesian Police and a Moslem youth hold a Communist flag found in ruins of the Indonesian Communist Party house in Jakarta after it was burned down Friday by anti-Communist demonstrators. An unsuccessful upris-

ing against President Sukarno a week earlier aroused sentiment against the Reds, who were believed to have been involved. The Communists denied the charges. (AP Wirephoto)

School Board to Open Library Equipment Bids

New London Educators Also Will Decide On Participation in Language Program

NEW LONDON — New bids taking part in the Foreign Language Teacher Aide program this year. Last year two opened at the board of education meeting today.

Bids originally were opened a month ago, but lack of clarity in bidding resulted in the rejection of all bids. The six bids ranged from \$6,000 to \$12,000.

Sale of the Medina School will be done through sealed bids. The brick school will be the last of the vacant buildings to be sold.

The board also will decide on

Republicans To Tell Teens Of Party Aims

Two-Day Roundup In Appleton Starts Saturday

Between 200 and 300 young Republicans are expected to be at the Conway Hotel in Appleton this weekend for the first "Teen-Age Annual Republican Round-Up."

The two-day "round-up" on Saturday and Sunday is designed to "expose" high school students to the philosophical and organizational aspects of Republicanism and to encourage them to become more active in the Young Republicans.

Registration Saturday

Chairman of the event, which will attract GOP youth from throughout Wisconsin, is Mrs. Doris Anderson of Amery.

Included on the list of speakers are State Chairman Ody Fish, Harland, who will give the "keynote address" at 11:30 a.m. Saturday; former Lt. Gov. Jack Olson, Wisconsin Dells, who will be the dinner speaker at 6 p.m. Saturday; plus Assemblymen Glenn Pommerening of Wauwatosa and Paul Alfonsi of Minnoka, and former Congressman Henry C. Schadeburg of Burlington.

Registration begins Saturday at 9 a.m., and the program starts with a welcome at 11 a.m. Following the talk by Fish and a luncheon, workshop sessions will be held on practical economics, state issues and rural and urban problems.

Hospitality Sessions

The dinner and Olson's talk are at 6 p.m., followed by a talk on national organization, given by "Buz" Lukens, past chairman of the Young Republican National Federation. A dance, a movie of the 1964 national GOP convention, and hospitality room sessions will go on from 8:30 p.m. to midnight.

Following an 8 a.m. breakfast and a break for attending church services on Sunday, hour-long sessions will be held on publicity, campaign and precinct work, finance and programs. The two-day program will be wrapped up at 3 p.m. Sunday, at a general session with a talk by Mrs. Anderson.

Owners Report Thefts of Vehicles; Police Find One

Two cars were reported stolen in Appleton in the last two days. One has been recovered.

William Wenzel, 2505 N. Union St., reported at 3:30 a.m. Sunday that his car had been stolen from the driveway in front of his home sometime during the night. The keys were left in the vehicle, police learned.

The car was found by a patrolman less than an hour later in the 1500 block of E. Pershing Street.

Police are still seeking a 1965 greenish yellow Mustang stolen during the night from the James Warrick home, 1925 N. McDonald St.

The loss was reported early this morning. Warrick said the car was taken sometime after 7 p.m. Sunday.

Weyauwega Scouts Conducting Fund Drive

WEYAUWEGA—Girl Scouts here will attempt to raise \$350 during their annual fund drive which ends Oct. 22.

The local group is part of the Fox River Area Girl Scout Council. Members of the fund drive committee are Mrs. D. E. Shelp, Miss Eunice Feneio and Mrs. K. P. Van Epps.

Clintonville Pastors Attend Church Parley

CLINTONVILLE — The Rev. William Christian and the Rev. Carl Rieck, pastors of St. Martin Lutheran Church, left this afternoon to attend a seminar at Zion, Ill., on "Problems of Larger Churches." The seminar will continue through Thursday.

The New Officers of the North Wisconsin Lutheran Fellowship discuss plans for the ninth anniversary celebration Oct. 23 at Shawano during their meeting Sunday at Faith Lutheran Church, Appleton. Elected were, from left, Miss Althea Schmidt, Gresham, secretary; James Schulz, Wittenberg, vice president; George Bonnin, Bonduel, president; and Mrs. Lillian Sanders, Clintonville, treasurer. The organization, whose primary interest is foreign missions, sponsors the Lutheran Hour broadcasts in Caracas, Venezuela. (Post-Crescent Photo)

Truck Drivers' Strike Ends as Unions Okay 3-Year Pact

Contract Calls for 65-Cent Raise, Liberalized Policy for Vacations

BY WILLIAM C. CAREY

Post-Crescent Staff Writer

Ready mix concrete trucks were rolling again today in the Fox Cities region, officially ending the 45-day strike against the Valley Contractor Material Suppliers Association.

The way was cleared for major construction projects to be resumed when an estimated 200 members of Teamsters Local 563 and Operating Engineers Local 139 ratified a three-year contract at the Appleton Labor Hall Sunday morning.

An agreement between the association and unions had been tentatively reached during a marathon mediation meeting Friday. The bargaining committee for the union truck drivers and operating engineers recommended that the membership accept the proposal.

In a joint statement, management and union representatives said Saturday that improved wages and fringe benefits were included in the new pact, replacing the old contract which expired June 1.

Sizeable Package

The contract, explained in detail at the union meeting, represents a sizeable economic package for the three-year period through 1967.

Drivers and operating engineers won a 65-cent wage increase for the contract period, including 25 cents per hour now, 22 cents next year and 20 cents the third year.

Effective with the signing of the agreement, hammered out by the negotiators under the prodding of mediator Donald Lee, Madison, of the Wisconsin Employment Relations Board, the strikers will get \$6 a week retroactive pay.

Beginning Jan. 1, 1966, the liberalized vacation policy will be in effect, giving workers two weeks vacation after three years employment, and three weeks off after 12 years.

Insurance Premium

Another contract stipulation is that with resumption of work today, association members not paying anything toward the employee's dependency insurance will pick up the tab for 50 per cent of the premium.

Some contractor suppliers have been paying half or all the dependency (family) coverage. By Jan. 1, 1976 all association members will be required to pay the full dependency premium, according to contract terms.

Also in the third year, employers will pay \$6 a week

into the Teamsters' Central States pension fund for union workers.

Another fringe benefit is a clause providing for three days' funeral leave.

Revised Scale

Under revised wage scales, a ready mix truck driver will now get \$2.95 an hour with the salary boosted to \$317 in 1966 and \$37 on 1967.

Pay of dump truck drivers will be revised upward to \$2.55 per hour this year, \$3.07 in 1966 and \$3.37 in 1967.

Ratification of the contract came on a unanimous voice vote after it was reviewed in detail by the chief union negotiator, Robert Schlieve, secretary-treasurer for Teamsters Local 563.

The operating engineers also gave unanimous approval.

Picketing Stops

All picketing was discontinued this morning at ready mix, blacktop, and sand and gravel firms throughout the region, including the Oshkosh area where Oshkosh Ready Mix Co. was affected.

While the strike is now history, unfair labor practice charges arising out of the dispute still are pending, along with a \$50,000 damage suit filed against the Teamsters.

There was speculation today that both sides would drop charges.

Both sides appeared satisfied with the new pact. Atty. Gordon Gill, representing the contractor suppliers, said Saturday that management kept the public interest in mind in expediting the settlement.

Union and management bargainers praised Lee who kept the parties talking last week after previous attempts failed.

Hurt Economy

The strike dented the area economy and put a crimp in all street and building construction projects, public and private.

It may take some larger firms a few days to get operations back to normal.

Although the strike was the major factor in closing down several projects, weather conditions the past six weeks were anything but favorable for the construction industry. The work of drivers and operating engineers is seasonal.

Accelerated construction and paving activity was reported today in the Neenah-Menasha area, theater hardest hit by the strike.

AAUW to Hear Judge At Waupaca Parley

WAUPACA — County Judge Wendell McHenry will speak on juvenile courts Tuesday evening at a meeting of the Waupaca branch of the American Association of University Women.

The group will meet at the home of Mrs. William Woolsey with Miss Myrtle Jensen and Mrs. Tom Holly as assisting hostesses.

Educator Tours Schools Under K-C Foundation

SHIOCTON — Robert Lee, guidance director, attended a 2½ day tour of technical schools in southern Wisconsin and Illinois under a Kimberly-Clark foundation grant recently.

About 25 high school guidance directors made the tour.

Manawa Valuation Totals \$3.6 Million

Store Construction Halted at Waupaca

Inspector Claims Store Violates City Ruling on Setback Limits

WAUPACA — Failure to ed Badger Street for the from comply with required setback regulations, has stopped work would be on the north side of on a new addition being constructed at Glen's Super Market, 120 W. Badger St.

Work on the 55 by 56 foot, \$15,000 addition was halted by city building inspector, Otto Kiel.

Within Limits

At a board of appeals meeting, Friday Glen Dake, owner of the store said he was within the limits of the setback ordinance because he was 10 feet from the north lot line. He added he had received permission from the building inspector to build within 10 feet of the line. The outside walls of the building have already been erected.

According to the city ordinance which has been in force since 1957, a 10-foot setback must be maintained on the side yard and a 25-foot setback in the backlot. Dake said he considers the north line of the lot the side yard because the lots on which the building is located are on platted from Washington Street. Kiel maintained that the city attorney has ruled that because Dake select-

Inspected

Board of appeals members inspected the site before meeting at the city hall. Chairman of the board, Julius Johnson, advised Dake not to resume construction at the present time and said the issue would be turned over to the city council for a final decision.

Coroner's Jury Investigates Traffic Deaths

A coroner's jury was impaneled Saturday to probe the circumstances surrounding the traffic deaths of three members of a Park Falls family Friday evening, Oct. 1.

The jury was impaneled at 10 a.m. and inspected the scene of the two-car accident on State 45, one mile west of Greenville Corners.

Killed in the head-on crash were Charles R. Bradie, 19, of Kimberly-Clark Corp., Neenah, driver of one of the cars, his nah, was elected chairman of sister, Ruth, 10, and brother, the board of trustees of the Michael, 2.

Injured were Barbara Bradie, 17, Mrs. Clarence Bradie, 40, and Sandra Wehrman, 16, all of Gregory Popke, 19, 604 Wal-New York, was elected vice place St., New London, driver of chairman. Re-elected officers of the second car, was not serious-

6 Sets of Twins Attend Clintonville High

CLINTONVILLE — Six sets of twins are attending the high school this term.

Douglas and Randall Olson and Doug and Greg Shaffer are sophomores. Arlene and Arlyn Hansen and Kathie and Ken Hoffmyer are juniors, and Diane and Donna Stowell and Jane and Judy Hansen are seniors.

Following this morning's investigation, the inquest was adjourned until persons injured in the accident have recovered sufficiently to offer testimony, Kemps said.

Jayne Maltbey found a big pair of boots to fill when she and her Embarrass School kindergarten classmates visited the Embarrass fire station during National Fire Prevention Week. Fire Chief Al Tellock helps the youngster. The class also got to see a fire hose in operation. It was manned by Leonard Ziercis. Tellock conducted the tour. (Laird Photo)

Tax Base Shows Gain Of \$97,470

MANAWA — The city's total assessed valuation has increased by \$97,470, jumping from \$3,566,820 in 1964 to \$3,664,290 this year.

The greatest increase was in personal property, which jumped from \$333,650 in 1964 to \$366,160 in 1965, an increase of \$32,510.

Manufacturers' stock accounted for the largest gain in personal property, with \$115,220 added in 1964 and \$172,100 in 1965. Other personal property includes furniture and fixtures, \$56,940 to \$63,210; machine and tools, \$48,770 to \$48,670; merchants' stock, \$304,160 to \$294,000, and other, \$10,890 to \$9,890.

Real Valuation

Total real estate assessed valuation was \$3,003,170 in 1964 and \$3,048,130 in 1965, an increase of \$44,960.

Residential land and improvements accounts for the largest real property increase, jumping from \$292,510 in land and \$1,816,490 improvements in 1964 to \$294,940 land and \$1,845,950 improvements this year.

Other categories are manufacturing land \$8,580 and improvements \$132,910 for 1964 compared with \$10,310 and \$148,040 for 1965; agricultural land \$37,310 and improvements \$40,630 for 1964 compared with \$37,630 and \$40,830 for 1965; mercantile land \$94,630 and improvements \$57,920 for 1964 compared with \$94,330 and \$57,630 for 1965.

Cattle in the city were assessed at \$17,520 in 1964 and \$15,430 in 1965; swine, \$1,180 and \$2,140 and other livestock \$950 and \$810.

Woman Loses Diamond Ring Along U. S. 41

Thrown From Car After Wiping Hands On Paper Towel

OSHKOSH — A \$1,000 diamond ring has someplace along U. S. 41 in Winnebago County where it came off the finger of a Milwaukee woman as she wiped her hands on a paper towel and then threw the towel out the car window.

Mary Ann Drewke, Milwaukee, reported to Winnebago County police at 11:08 p.m. Friday that she had just purchased the 1.33 carat ring worth \$1,000 and was using a wash and dry towel on her hands while riding along U. S. 41 near County Trunk X Friday night. She tossed the towel out the car window and a few moments later noticed her ring was missing.

She and her companions searched the area in the darkness but were unable to find the towel or ring.

Three Persons Fined In Outagamie Court On Game Charges

Three persons paid fines in Outagamie County Court Branch 2, after pleading guilty to game charges.

Miss Beverly Heurman, 19, 823½ E. Winnebago St., and James G. Roberts, 22, 908 W. Grant St., each paid \$20 and costs on their pleas of guilty to possession of squirrel carcasses during closed season.

Miss Hoffman and Roberts were arrested by conservation wardens in the Town of Grand Chute Tuesday.

James R. Hansen, 18, 829 State Ave., Green Bay, pleaded \$25 bond on a charge of hunting deer without an archer's license.

He was arrested by wardens Sept. 23 in the town of Bovina.

Boys State Talk Set For New London Lions

NEW LONDON — Badger Boys State representatives, sponsored by the Lions Club, will speak at the 6:30 p.m. Tuesday meeting at the Rainbow Supper Club.

The annual fair-weather banquet will be at Mc-Ski-Tow Hill Ski Lodge Oct. 15.

Marlin Brown, calendar project chairman, said the Lions would end their canvas this week.

Deputies' Venison Feed

SHIOCTON — Outagamie County Deputy Sheriff's Association will have its venison feed at the Legion Hall Nov. 1. The training session for members is scheduled after the dinner.

APPLETON, WISCONSIN

Chandler Confesses Run Wasn't Planned; 'Saw Alley and Went'

Starr Pleased With Packers' Rushing Attack

GREEN BAY—If 50,852 Lambeau Field witnesses were startled by Don Chandler's unscheduled flight from punt formation Sunday afternoon, they had nothing on the soft-spoken hero of the piece.

Chandler, who later reversed his field completely by detonating a record 90-yard punt to cap a memorable day with the toe, quietly confessed, "I really don't know why I did it. I had the option to go, and I did."

"When I saw Wilcox (San Francisco 49er linebacker Dave) go up in front of me in a bid to block the kick, I decided to go."

It was just there—I saw the alley down the right side and took off."

He had waited "a long time before making his move, it was noted. The ex-New York Giant grinned and nodded. "I should have been watching the ball instead of them."

Had Packer Coach Vince Lombardi made any comment to him when he reached the sidelines in the wake of that 27-yard excursion? Chandler, blessed with a puckish sense of humor, first quipped, "That's enough for today," then laughed and quickly added, "The coach didn't say anything to me about it."

Not Maiden Voyage Although the Packer faithful may have been surprised to see the balding booter in full flight, it was not his maiden voyage. "I did it several times when I was with the Giants," he reported.

And, it develops, it wasn't his longest such sortie. "I had one for around 30 yards or so against Dallas a few years ago," Chandler said.

"It looks great when it works, but when it doesn't," a San Francisco scribe jested.

Chandler grinned back and replied, "Might as well pack your bags."

Don, who had embroidered his performance by kicking two field goals and booting a pair of towering kickoffs behind the end before the press conference went out, dispersed. "It's news to me," he said, shaking his head, when informed that his prodigious punt, which actually had traveled 113 yards from the point of impact, had erased the modern National Football League mark of 88 yards, set by the Los Angeles Rams' Bob Waterfield against the Pack at old City Stadium in 1948.

"I knew I hit it real good," Chandler admitted, "but I never thought it would go 90 yards."

Humorist Henry Jordan, pausing on his way out the door, couldn't resist a parting shot. Referring to Chandler's impromptu canter, he cracked, "I still think you're getting too old for that stuff."

A few doors down, Bart Starr was unusually exuberant, despite the fact his non-interception record had come to an end.

"We won a big game today," he declared, "and our running game was going. That really makes me happy. Any time it does, in fact, it makes our whole team happy."

He sobered quickly, however, when asked about a second quarter "disagreement" with the 49ers along the Green Bay sidelines. "I'd rather not discuss it," the gentlemanly field general said.

And the record? "I never thought about it, really. This is a game you have to play with abandon. You can't play it don't know why I did it. I had the option to go, and I did."

"That record should have been broken a long time ago, anyway," Starr concluded. "I've been awfully lucky."

Mountainous Marv Fleming, whose third quarter stab in the San Francisco end zone staked the Pack to a 24-7 lead under rather inconvenient circumstances, explained, "I was turning in on that one. I slipped as I crossed the goal line—and I saw the ball at the same time. Who tackled me?" Marvellous Mary laughed and said, "It seemed like everybody did."

The recipient of Starr's first touchdown strike in the opening quarter, fast-rising Bob Long, reported, "I was leaning a little bit on that one—I knew it was real close to the sidelines and to the flag. It was a beautiful pass—Bart put it up there right where it had to be."

He had, it appeared, a stride on defender Jerry Meriens. Herb Adderley, dressing at the next locker, answered that one himself. "He has a stride on everybody he plays," Herb asserted.

Another receiver, casualty Boyd Dowler, gingerly rubbed his toe into his hair and confessed, "My shoulder's pretty sore. I hurt it in the first half and came back in and I hurt it again."

"It happened when Dowler (49er linebacker Mike) got hurt—the time that Bart ran the field goal for a pretty good gain. I was peeling back on Dowler and we line, had a surprise of his own had a pretty decent collision. He before the press conference went out, and I did, too.

Dispersed. "It's news to me," he said, shaking his head, when informed that his prodigious punt, which actually had traveled 113 yards from the point of impact, had erased the modern National Football League mark of 88 yards, set by the Los Angeles Rams' Bob Waterfield against the Pack at old City Stadium in 1948.

"I knew I hit it real good," Chandler admitted, "but I never thought it would go 90 yards."

Humorist Henry Jordan, pausing on his way out the door, couldn't resist a parting shot. Referring to Chandler's impromptu canter, he cracked, "I still think you're getting too old for that stuff."

A few doors down, Bart Starr was unusually exuberant, despite the fact his non-interception record had come to an end.

"We won a big game today," he declared, "and our running game was going. That really makes me happy. Any time it does, in fact, it makes our whole team happy."

He sobered quickly, however, when asked about a second quarter "disagreement" with the 49ers along the Green Bay sidelines. "I'd rather not discuss it," the gentlemanly field general said.

And the record? "I never thought about it, really. This is a game you have to play with abandon. You can't play it don't know why I did it. I had the option to go, and I did."

"That record should have been broken a long time ago, anyway," Starr concluded. "I've been awfully lucky."

The recipient of Starr's first touchdown strike in the opening quarter, fast-rising Bob Long, reported, "I was leaning a little bit on that one—I knew it was real close to the sidelines and to the flag. It was a beautiful pass—Bart put it up there right where it had to be."

He had, it appeared, a stride on defender Jerry Meriens. Herb Adderley, dressing at the next locker, answered that one himself. "He has a stride on everybody he plays," Herb asserted.

Another receiver, casualty Boyd Dowler, gingerly rubbed his toe into his hair and confessed, "My shoulder's pretty sore. I hurt it in the first half and came back in and I hurt it again."

San Francisco's John David Crow (44) is caught by the Packers' Lee Roy Caffey after picking up yardage in Sunday's game.

Vince Lauds Packers' Play

Continued from Page 7

Hornung had a good day, too. So did Pitts, the little white he was in there."

Did he by any chance consider it had been the Pack's top defensive performance? "I couldn't say that—we played a fine defensive game against Baltimore, too. But overall it was a better game. We moved the ball better. And the goal line stand was tremendous—albanet in the Carroll Student Union."

Dr. Robert D. Steele, president, said the dinner and program will be attended by representatives of the faculty, student body, parents, alumni, and leaders in business and industry. Continued support of the Carroll educational program by all of these groups is being recognized with the theme, "Progress With Purpose," Dr. Steele said.

The theme will be used in a year-long emphasis on advancement of the Carroll curriculum, physical facilities, and cultural enrichment of the student body.

off a punt formation. They got into good field position, and they did run with it. It's as simple as that.

"This is nothing new—it happens six to a dozen times a season. I've been guilty of it myself. We're just going to have to correct the situation. If you don't stress it in practice, this Vince revealing that Dowler sort of thing happens. We've been trying to get back on a jury, Nitschke (Ray) a leg and Gregg (Forrest) a knee.

"Doug Hart? He was just a little shaken up. He's all right." And how does it feel to be leading the NFL's Western Division with a 4-0 record? "Ask me in about 10 years, about 10 games from now," Lombardi joked, then more seriously, "It's always nice to be in first place, coach. I'm real happy. But you have to be a little fortunate."

If he should ever find himself at liberty as a member of the coaching fraternity, the 49ers' slightly sardonic Jack Christiansen might find a home in show business.

Quick with a quip, the ex-Detroit Lion defensive ace had a ready reply when one scribe asked him if any of the Packers had impressed him.

"Not unless you go down all 40 names on the Packer roster," Christiansen cracked.

"They only had 39," a San Francisco scribe facetiously interjected. "McGee (Max) didn't play."

"He was suited up," Christiansen retorted.

Earlier, in a somewhat more serious vein, Chris had offered, by way of explaining the scoreboard, "We're still a young team—we have to correct our mistakes. You have to know what people you can fool, and when you can't."

Asked to comment on Don Chandler's surprise 27-yard dash from punt formation that keyed the Packers' first touchdown, the 49er coach said dryly, "We have a return just like every other team in the league. The defensive team is supposed to hold up its men and make sure the ball is kicked, then peel back to one side or the other."

Spotted It "Evidently we've been doing it too quick. They probably spotted it on the films and decided if they got into good field position, they'd try running."

Carroll Host to Industrial and Business Leaders

Special to the Post-Crescent

WAUKESHA — A specially invited group of Wisconsin business, industrial and professional leaders will be guests of Carroll College at a banquet tonight, recognizing significant achievement in Carroll College development.

Gilbert W. Fitzhugh, New York City, president and executive officer of the Metropolitan Life Insurance Co., will be the principal speaker at a four-week period ending Sept. 25 and 613,690 a year earlier.

St. Norbert Posts Fifth Straight With 46-13 Win

DE PERE (AP)—St. Norbert pushed to a 20-13 halftime lead and then burst loose in the final half with 26 points for a 46-13 victory over Western Illinois Saturday. The victory was the fifth straight this year.

Quarterback Gary Camps provided the offensive spark for the Green Knights, the number one small college football team in Wisconsin last season. Camps completed 8 of 16 passes for 163 yards and two touchdowns and set up two others. Seven men scored for the Green Knights.

Western Illinois scored first in the opening period but the Knights came back with three straight markers and finished the half with a 20-13 lead.

St. Norbert rolled up 467 total yards to 254 for the visitors.

Requested to assess the Western Division race, Jack observed, "I think the last two teams we played are real close—Baltimore and Green Bay. They're probably the two finest we've played."

Solid Offense "They both have a real good defense, solid offenses and great quarterbacks to lead them—to run their offense and use their personnel. And both have great running backs, so they're just about alike."

Christiansen, whose outlook had not been improved by the discovery that an injury to Mike Dowdle would sideline the middle linebacker from 2 to 6 weeks, was asked if he had been "satisfied with any phase of the game."

"I was satisfied with Green Bay," he somberly quipped. "I thought they did a great job. With ourselves, I wasn't satisfied with much of anything—our offense or our defense."

Automation Day Set POTSDAM, N.Y. (AP)—Sign of the times, Clarkson College of Technology will stage an "Automation Day" program Oct. 12. Three speakers—all human—will be featured.
